**Cadillac**

**Its Great Name is Free!**

Standard equipment, accessories and trim illustrated are subject to change without notice.

If there were some way to strip a Cadillac of every identifying emblem it possesses, and judge it solely by the way it rides and handles and performs—it would still be quickly recognizable as the "Standard of the World."

But think what a Cadillac brings you in addition to the solid value of its engineering and performance and comfort and handling ease—the wonderful Cadillac name!

Perhaps in all the world, there is no inanimate object which speaks so eloquently as the Cadillac shield. It talks of background, of progress, and of faultless workmanship.

It proclaims a promise of years and years of the utmost motoring satisfaction. It speaks, as nothing else, of its owner, and identifies him, wherever he chooses to drive, as a man of accomplishment and discrimination.

In fact, there is nothing good and wonderful a motor car can bring that isn't promised or implied by the beautiful Cadillac shield. And it speaks a universal language, which is understood and appreciated the world over.

And remember, you pay no extra penalty for this great and distinguished name. It comes as a "special dividend" with every Cadillac car.

We deeply regret that we are unable to deliver new Cadillac cars without some delay. But the demand for the car is unprecedented—and much of the company's energies and materials are now being devoted to the needs of national security. Once the car is delivered into your hands, however, we know you'll agree that—patience never brought a richer reward.
