Cranbrook Nine Drops Game to Western Reserve

Cranbrook's baseball team suffered its second setback in nine contests Saturday afternoon at the hands of a strong Western Reserve Academy nine in Hudson, Ohio. The Cranes, who have now won one and lost one league contest, saw Reserve collect two runs in each of the first two frames.

All Levy took over in the second inning and checked the Ohioans while his teammates tied the score with three runs in the third and one in the seventh. However, Jim Davis' single with the bases loaded and one out in the seventh handed Levy his first defeat.

BEHIND THE TIGHT three-hit pitching of right-hander Tom Connor was in complete control all the way as he struck out eleven and walked only two for his second win of the season. Score by John Hatch and Connor were the only safeties garnered off Hamastack hurler Grover Washington, but smart base-running plus a helpful balk gave Cranbrook the six.

Helped by six Crane errors, Fernalde high school defeated Cranbrook 3-2 April 30. After being behind at the start of the second inning, 1-0, the Cranbrook team got two runs to lead Fernalde on a walk given to pitcher Don Slotkin, and a single by battermate Doc Wells.

The six errors, coupled with some very slow fielding and poor base running accounted for a heart-breaking defeat for Slotkin who had allowed only three hits and three walks.

The light which lighteth every man

There is within us all a certain intuition—a calm and quenchless light, ever ready to kindle into spiritual understanding.

The mission of this precious light, and right, this capacity to know the truth; is to "make us free"—free, as Jesus promised, from whatever is untrue or unlike God.

Today this kindling light has come. Thoughtful, honest study of the Christian Science textbook

SCIENCE AND HEALTH with Key to the Scriptures by Mary Baker Eddy

is mercifully releasing men from all manner of human want and woe.

A devoted study of this great book shows clearly, in a plain and practical way, how to avail oneself of this spiritual understanding of God.

In this steady light, impartially available to all, one can find and experience for himself the freedom which is natural to man.
