Traffic's a Mess As Master Control Goes On The Fritz

Streets were wet and slippery, the rain slanted down, cold and gloomy, the wind was quite strong and it was dark. Those who were out wanted to get home where it was warm and comfortable. So did the local police but they had to pinch hit for a lot of faulty traffic lights.

About 7 oclock the first call was received which reported the light at Hunter and Maple was operating on a new and original routine —not according to the law. It stopped everything in one direction and let everything else go through.

Since the master control for all Woodward and Hunter lights is located here it was not long before the whole system was fouled up.

NORTH AND south traffic was fine, but the east-west situation was rapidly becoming hopeless. The condition ran from Oakland to 14 Mile.

Officers unsnarled the situation as quickly as possible and a please-hurry-up call went into the Oakland county road commission. Repairmen reset the control and about two hours after the first call, everything was back to normal.

Woodward-14 Mile Corner Rezoned by Troy Twp. Board

At its meeting Monday evening, the Troy township board approved the rezoning of the northeast corner of Woodward and 14 Mile road from residential to Business B one.

Supervisor Norman Barnard stated that several Birmingham residents attended the hearing and were pleased with being notified. They all were in accord with the board's action, he said.

Oakland Hills Golf Caddies Receive Thorough Training for National Open

By RAY DENNIS

When the National Open Golf Tournament is held at Oakland Hills Country club course June 14, 15 and 16, the best trained caddies possible will be working if Caddie Master Wesley Powell has his way.

Caddie schools are now being held at the club each Saturday morning, and additional instruction periods arranged when the boys are out of school.

Powell said about 220 boys will be used as caddies, messengers and runners for the open. Because it will be impossible to select that many well trained boys from the Oakland Hills course, 10 of the top caddies from each private course in this area will be engaged.

THE CADDIE MASTER said that at the caddie schools, the boys are being taught everything possible in the way of golf procedure.

Powell stated, "What we want is the best type of caddies for the National Open. The boys who don't know what they are doing won't be used. However, we're going to do our best to thoroughly instruct those who are now unfamiliar with caddie procedure."

An intensive examination on caddie knowledge will be given upon completion of the school.

Some questions the boys will be expected to know are "Give the names of 14 clubs used and the approximate distance that can be obtained from each;" "What is meant by "Medal Play;" "What is meant by "Dormie."

The boys also should list various rules to be followed on different parts of the course.

ALL CADDIES FOR the National Open will be furnished a green and white uniform consisting of a sun visor, T-shirt and slacks.

One of the biggest problems of the entire tournament Powell will face is getting the caddies excused from school the week of the event.

He said, "Most of our boys attend school and we're trying to do everything possible to get them excused that week. The cooperation of school officials would be greatly appreciated."

The caddie master said that the best caddies will be given the outstanding golfers for the tourney. Probably the 20 best caddies will draw for the various top ranking golfers.

Powell is being assisted this year by Ed Kelly, formerly of Hershey country club in Hershey, Pa.

National Honor Society Inducts Baldwin Students

Inducted into the Birmingham chapter of the national honor society Tuesday in a special assembly were nine Baldwin seniors and eight juniors.

Elected to membership were seniors Criss Adams, Mary Lou Gregory, Roy Horne, Margaret Ireland, Jane Kohr, Avis Murphy and Charlotte Wiley. Juniors were Mary Adams, Claire Anderson, Bonnie Dayton, Dick Emery, Nancy McCall, Russ Sanders, Stuart Scheifele and Bruce Wallace.

Students are chosen by the faculty on the basis of high character, leadership, scholarship and service.

Attend Conference

The Birmingham school board has approved the names of seven engineers and custodians to attend a three-day conference on heating and school maintenance at Michigan State college June 20-22.

Polio Fund Helped By Youngsters of Graefield Area

A group of youngsters in the Graefield Terrace area recently learned about the need to help combat polio in this country. Not merely content to sympathize with the situation, they decided to raise money to support the polio fund.

As a result, a one-hour show was given at Graefield Saturday evening, at which approximately 60 adults attended. Punch was sold and various pantomimes, skits and "daredevil" bicycle acts presented.

This week, the $6 raised from the show was sent to the Polio fund.

Participants, ranging in age from eight to 12 were Roy Ruebenstahl, Brenda LaBarre, Stuart Kern, Frank Tobin, Milton Secor, David LaBarre and Anne Ellsworth.

Haynes-Holland Open Ditch Up for Study

"It looks like a dump and a child could easily drown in it after a heavy rain," was Mayor Chad Ritchie's comment after inspecting the open drainage ditch running between Haynes and Holland, from Porritt field to Eton road.

The problem was placed on the commission agenda for future action.

City Manager D. C. Egbert said the ditch was for the drainage of Porritt field, and before the section had been built up so closely, water had flowed across the fields to Holland avenue.
