Touring Scottish Hockey Team Downs Great Lakes 13-2

The Scottish Women's hockey team defeated the Great Lakes squad, 13-2 Saturday morning at the Kingswood School Cranbrook hockey field.

Great Lakes made the first score and at half-time, the visitors led 3-2. During the rest of the game, the Great Lakes 11 was unable to maintain the pace it set during the first half.

While the Scots are undefeated in their current United States tour, these two goals are the highest scored against them in this country. The two scores were made by Betty White, instructor at Michigan State college and Kay Grahan of Detroit.

Visiting Nurses Put Torch Fund Dollars to Work

Have you ever wondered where the dollars go that you donate to the Torch Fund?

Part of the money goes to the Visiting Nurse Association, which provides medical and nursing care for anyone.

In the last year nearly 225 patients were served with approximately 1,500 visits from the nurses in Birmingham, Bloomfield Hills, Southfield and Troy townships, while in southern Oakland County, 2,269 patients were treated on 13,644 visits.

Two case histories, both involving Birmingham residents, point up the need for the Visiting Nurses.

Mr. "X" is an example of a patient who was aided in so many ways that a more serious consequence of his auto accident was avoided. Mr. "X's" leg was badly mangled and he was in a hospital for weeks.

He had undergone surgery and other treatment with little or no improvement. Doctors decided to amputate his leg, but his general condition—both physical and emotional—was so poor that the operation could not be done immediately.

Doctors thought that being at home would help him, but his treatments were so complicated that he could not be at home without professional nursing care.

MR. "X" was referred to the Visiting Nurse Association by the Birmingham city nurse. It was agreed that he could be cared for at home if the Visiting Nurse called daily to do the treatments and to advise Mrs. "X" on between visit care. Mr. "X" came home and was seen every day by the Visiting Nurse who gave general care and changed complicated dressings.

Mr. "X" began to improve and soon amputation was not necessary. He was able to walk and do light work.

The second case revolves around a Mr. "Y" who had suffered a stroke and one side was paralyzed. On the Visiting Nurse's first visit, the patient was in bed, very helpless and resigned that he could not return to normal living.

After consulting the family physician, the Visiting Nurse Association physical therapist consultant supervised massage and exercise of the patient's arm and leg.

ALWAYS HOLDING OUT a prospect for recovery of Mr. "Y", the Nurse encouraged him at every visit. Now Mr. "Y" is quite self-sufficient and again back at his gardening which occupied him since his retirement from business.

These are just two patients who have seen the dollars you donate to the Torch Fund put to good advantage.

Mrs. Edward E. Wellock, 30600 Lamser road, president of the Visiting Nurse Association's board of trustees, pointed out that "Visiting Nurses are not only for the medical indigent, but available to everyone."

In addition, Mrs. Wellock said that the group also handled industrial nursing as well as education on health problems.

Not all is work with the Visiting Nurses. Each Christmas season in cooperation with Cranbrook and Kingswood schools, the nurses hold a seasonal party for the crippled children of the area.

VISITING NURSE service is an economy for many patients permitting them to remain at home or shorten their hospital stay, Mrs. Wellock added.

The Visiting Nurses have been serving Birmingham and Bloomfield Hills since 1940, and service began in southern Oakland County in 1925. It has grown until today the area is served by a staff of eight nurses, with offices at 307 West 6th, Royal Oak.

Birmingham Man Will Attend Atlantic Union Meeting in Memphis

Dr. John K. Ormond, 1169 N. Woodward, is among the 1951 council of delegates who will attend the Atlantic Union Committee meeting in Memphis, Tenn., Nov. 1-4.

Dr. Ormond will represent the Detroit chapter, and support their resolution supporting a Federal Convention of delegates from the democracies which sponsored the North Atlantic Treaty.

The Atlantic Union was formed to promote the work of international understanding and world peace through the united efforts of participating nations.

General news deadline is 4:30 p.m. each Tuesday.
