**No Action Taken On Revision of Hills' Setback Rule.**

Public hearing to consider a proposed change for the Bloomfield Hills setback ordinance was held Tuesday evening, but no action was taken.

Proposed revision would be to change the setback provision for buildings from 75 to 60 feet from the pavement. City Manager Elmer Kephart said considerable discussion was held but no definite decision was reached.

## "Tell me... does he look a little bit like his Dad?"

"I've touched him, and I've heard the sound of his cry, and I've tried to picture him in my mind ...

"I've told myself everything's fine, as long as he's blessed with normal sight ...

"But if only I could see him once, like other folks, just as he is ..."

There are moments of bitterness, in the lonely lives of sightless people, when there's absolutely nothing we can do to help.

But there are countless times when the aid we offer, with such comparative ease, can be the most wonderful thing in the world.

It's the job of your United Foundation to know what kind of services are most vital to the sightless... and then to make every dollar work its hardest in getting those services performed promptly and well.

That's the most intelligent, as well as the most human, way to approach the problem of blindness. And we ask you:

Please give all you can to keep this great work going.

**150 CAMPAIGNS IN ONE**

The United Foundation is a permanent non-profit corporation created to unite separate campaign appeals for health and community services into one annual drive. It includes the 128 United Community Services and 22 other health and service organizations.
