Southfield Board Hears Problems From Residents

Approximately 15 residents from the new housing development on the south side of 14 Mile road between Greenfield and Madison appeared at Tuesday's Southfield township board meeting to discuss several problems.

They stated that there is a substantial amount of dirt between the sidewalks and the roads, which makes a bad situation in wet weather. In addition, the residents asked if a ditch would eventually be placed on the south side of 14 Mile road.

They also pointed out that there is too much speeding on the road and asked that stop signs be placed at Pierce and at Greenfield.

The residents said they appeared at this meeting to find where the obligation rests for these problems. Supervisor William Roemer stated he would take these problems up with the road commission and the builder of the development.

IN OTHER BUSINESS, Payton A. Niles, township civil defense director requested remuneration for his job. He stated that he has been putting in "from seven six to eight hours" each day on civil defense affairs.

Niles pointed out that he has to attend frequent meetings and lately has been kept busy with the blood drive program.

His request was tabled while the

approved the association's turning over the volunteer fire department over to West Bloomfield township.

Township authorities are expected to decide within the next 30 days, whether they will take over the department.

Fire Commissioners Edson S. Stevens and Arthur Kane were re-elected for two-year terms.
