

**Troy Fire Alarm System Approved**

Troy Township Fire Chief E. M. Schroeder's recommendation for the new fire alarm system was approved by the township board Monday evening.

Because a dial telephone system will be installed in Troy township the first of the year, it is no longer possible for residents to contact the telephone operator for fire alarms.

The central alarm system will be at the township hall. During daytime hours, fire may be reported by calling there. However, during the evenings and weekends, fire calls will be taken at 808 and 924 East Big Beaver road.

SUPERVISOR Norman R. Barnard said that a new phone number will be given the fire department when this plan goes into effect Jan. 12, 1952.

In other business, two more applications for SDD licenses were received. They were from George A. Gishorne, 2959 Crooks, and George Forsyth and Fred Hohner, 39869 Dequindre road.

Barnard stated the applications were tabled until such time that they are approved by the Liquor Control commission and when the township board draws up a defining policy on issuance of such licenses.
