

### Church Engages Education Guide

The appointment of Mrs. John Machin as director of religious education for the First Presbyterian church was made Sunday morning.

Mrs. Machin will have charge of all religious projects having to do with education and will also direct Sunday School activities.

One project of the group is the collection of blankets to be distributed from their homes by war.

At the dedication of Birmingham's offering, Miss Jane Williams, daughter of Mr. and Mrs. Wayne E. Williams, 430 Park, will speak on her recent experiences among several humanitarian enterprises in Europe.

## BLENKO GLASS

We can now offer you a number of shapes and colors in this beautiful and distinctive glassware. It is unusually lovely for flower arrangements.

Blenko Decorative Glassware is made just as glassware was made centuries ago. It is called "freehand," or "offhand," which means that it is completely handmade. The only molds used to give shape and form to the molten glass are hand-carved from applewood.

## How does it feel to drive a Buick?

If you think perhaps we're hinting that it would be a good idea for you to try out a Buick—mister, you're never been so right.

It does a lot of things for you and to you that will be something new in your driving experience.

Take the way it feels beneath your hands on the wheel—eager and willing and anxious to please.

It spurts when you want to spurt—rolls with effortless momentum when you want to cruise.

When you take a curve, it snugs down to the road with sure-footed confidence.

After you make a turn, the front wheels instinctively seek a straight course. This car seems to guide itself.

When you come to a bumpy stretch, each separate wheel on its own coil spring steps you smoothly along on a level keel.

Then there's power that surges into action at a nudge of your toe—sends your speedometer needle soaring up to any speed the law allows, in a matter of seconds.

And there is also thrift—the gas-saving thrift that comes from a high-compression valve-in-head Fireball Engine found in no other car.

To top all this, there is Dynaflo Drive®—that feeds power in a steady, falterless flow—lets you ride relaxed in busy traffic or on a day-long cross-country drive.

We're willing to stand on the statement that no other car rides, performs or drives like a Buick.

But why take our word for it? Come in—take over one of these lively lovelies—and see for yourself.
