tribution to the United Foundation Torch Drive, for I am the flame of the Torch, signifying 150 community and health services. If you fail my light will grow dim and perhaps die; and likewise the hopes and even the lives of many people will be lost because of your indifference. I ask no designated contribution from you. Think of the happiness you can bring to a heart clouded with pain and suffering, the happiness your own heart feels at the sight of a once "hopeless" patient recovering because you made recovery possible. Then give as your heart directs.

Remember, it is in your power to determine whether my light shall be dim or a shining beacon, guiding all my weary sufferers to a haven of help. You gave me my start; will you help rekindle the flame of hope?

WHY WE SHOULD SUPPORT THE TORCH DRIVE

By RALPH HIMMELHOCH

Cranbrook School for Boys

Charity has been the concern of all good men since the dawn of civilization. Every religion emphasizes its importance. St. Paul said: "Though I speak with the voice of men and the angels, and have no charity, I am become as sounding brass or a tinkling cymbal." In practice, however, charitable people today face problems that did not exist when our country was made up largely of small communities.

In small towns and rural areas charity is a personal affair, since nearly everyone is aware of his neighbor's needs. In the metropolitan centers, the community is so extended that no single person could be familiar with all the problems of its needy or handicapped citizens.

THUS A METHOD has had to be worked out for distributing charitable funds equitably among the needy and deserving. The United Foundation Torch Drive is the answer to this difficult problem.

This organization investigates carefully and selects the charities worthy of general support. This relieves the individual of the burden of determining the merit of each group requesting his assistance. It also insures against his overlooking worthy causes with which he is not familiar but which deserve his aid.

By uniting all the charity drives into one concerted effort, the United Foundation Torch Drive collects the funds in the most efficient way so that the contributions are not dissipated in competitive advertising and duplicated personnel, but are spent for the purpose which the donor intended. The annoyance and loss of interest which repeated drives produce no longer result.

SINCE, THEN, THE Torch Drive collects and distributes charity more efficiently, investigates to insure that no worthy cause is overlooked and no fraudulent agency is included, eliminates the disadvantages of multiple drives, I feel that it is the modern solution for an ever present problem in large population centers.

City Prohibits Street Bonfires

Residents are once again reminded that a city ordinance prohibits the burning of leaves on paved streets.

DPW Supt. Norman Knapp points out that the heat from these fires will damage the paved surface, causing early deterioration. Knapp, who said they had seen such fires on Kennesaw within the past few days. Kennesaw was one of the many streets included in the summer paving program.

"If this practice isn't stopped soon, the paving will begin to crack and show signs of undue wear," Knapp said. The police department warns that fires on a paved street can result in an arrest and the fining of the offender.

Hills School Board Asks I-Way Traffic On Bardonia Road

Superintendent John Jacobs was asked by the Bloomfield Hills school board Monday evening to request the Hills city commission to post Bardonia road for one-way traffic.

Board members said that this action would minimize danger to Vaughan school children.

Jacobs was also authorized to check with the University of Michigan for the cost of a complete educational survey of the Bloomfield Hills school district.

IN OTHER BUSINESS the board authorized the superintendent to hire a full time clerk for the elementary school superintendent. Approval was also given for the purchase of an additional refrigerator for the Vaughan school children.

Jacobs stated that construction of the addition to the Wing Lake school is complete except for the installation of a heating unit.

Added Dates Set For Blood Typing In Southfield

Southfield township residents who were unable to be blood typed last week will have an additional opportunity, according to Civil Defense Director Fordon Niles.

Blood typing will be taken Tuesday, Oct. 23 from 3:30 to 9:30 at St. Michael's school on 10 Mile road. In addition, residents will be accommodated at the new high school on 10 Mile at Lahser from 2:45 to 9:30, Thursday, Oct. 25.

Because more persons were typed last week than were anticipated, many had to be turned away. A total of 4,500 residents were typed, Niles stated.

The director emphasized that persons handling the project are trained nurses from the Detroit Board of Health.

Education Budgets OK'd

An operating budget for the 1951-52 school year of \$1,366,691.85 was approved officially by the Birmingham board of education Tuesday night. A debt service budget of \$217,377.50 also was passed.

Appreciative User
Van Dyke, Michigan, May 21, 1951
I have suffered from arthritis for a long time. I was using crutches for a long time. After using crutches for a long time, I could not raise my arm up to my head. After using one bottle of In-Flam-Go I discarded my crutches and I now can raise my arm over my head. The aches and pains are greatly relieved. I sincerely hope that through this letter others will use this wonderful product and get relief as I have.
Sincerely Yours, Mrs. Alice Welch
