HERE'S WHY **JOHNNY MANTZ** PICKS **JETFIRE** POWER!

Johnny Mantz, world-famous race driver, who's driven just about every kind of car ever made and won many of racing's top honors, has this to say about his Nash Ambassador:

"I chose a Nash Ambassador for personal and stock car racing use because I firmly believe Airtite Construction and handling ease make it the safest car on the highway. Speed and performance? I proved that when I drove an Ambassador 102.46 m.p.h. over El Mirage Dry Lake. Its Jetfire Engine is one of the finest ever put into any car! But, above and beyond its record performance and economy are such features as Coil Spring riding ease, Airtite Reclining Seat, Twin Beds and Weather Eye Conditioned Air, Nash wins on every count—and I can recommend it to anyone who wants a truly fine car."
