Charges Fixed For Maryland St. Services

At total cost of \$155 each will be charged to 15 property owners on Maryland boulevard for installation of sewer and water services.

City commission Monday evening approved City Manager Don C. Egbert's recommendation that \$140.91 be charged against each of the lots plus the 10% required by the city charter.

Total cost of the installation was \$2,254.61. This would result in a cost per service of \$150.31. Adding 10% to the charge would make a total cost of \$165.34.

However, Egbert said that the policy of the city is that sewer services should be provided to each side of the street at a uniform rate. Regular permit cost for each of these services is \$155.

GOP Meeting Shows Great Enthusiasm

"Lots of enthusiasm and determination was shown at the GOP organizational meeting held in Lansing on Aug. 21, according to Birmingham's Rep. Howard R. Estes.

"The meeting consisted of talking over strategy for the coming 1952 campaign but was more for organizational purposes than anything else", Estes stated.

Estes said the meeting had difficulty "getting together" because when Aug. 21 was chosen, the party did not realize that this was the last day for the legislature.

Estes said no date had been set for the next meeting.

ESTES WAS appointed by Speaker of the House Victor Knox as one of the five representatives from the House of Representatives to work on the 1951-52 policy committee.

Senator Hittle of Lansing and Speaker Knox of Sault Ste. Marie will serve as chairman and vice-chairman, respectively, of the committee.

Beside the five representatives from the House, the committee will consist of representatives from members of the GOP party of Michigan, GOP members of the state administrative board and representatives from the Senate.
