By First Reader William Selmeier  
From the Christian Science Monitor

A glorious vista of hope and promise is opened up through the angelic vision related by John in the twenty-first chapter of Revelation: "Behold, I make all things new," is its message. It is a glimpse of God's spiritual universe—a hint of the transcendent good which constitutes reality and awaits only our comprehension.

Jesus said (Luke 17:21), "The kingdom of God is within you." Man is inseparable from God. He is complete, spiritual, immortal. Reflecting God's spiritual nature, man is not fettered by a material body. He is not subject to insecurity, limitation, or disintegration. The realization that God is unchanging good, and that man is his child or expression, brings harmony and peace into human experience.

AS THE reflection of Spirit, God, man is not a medium of conflict between mind and matter. He is wholly spiritual, the effortless expression of divine intelligence. As one recognizes all real being and activity as spiritual, he naturally expresses more gratitude, order, purity, and selflessness. Part of the definition of resurrection given in the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, reads (p. 593), "A new and higher idea of immortality, or spiritual existence." Thus life, spiritually comprehended, is the continuous indowment of good.

**Give the little lady a hand**

THIS ad is addressed to husbands—husbands who've yearned for the thrill of sitting behind a broad hood packed with horsepower—and the pride of rolling down the street in a car that tells the world, "Here's a man who knows the finest thing on wheels."

But husbands have wives. And wives have been known to say, "No big cars for me. They're too hard to handle."

Well, we have an answer for that one. It's a ROADMASTER with Buick's new Power Steering.† And Power Steering takes over any time the steering gets tough—works like a helping hand—reduces the effort of turning the wheel of a car at a standstill to about the same effort it takes to pick up a mink coat.

BUT out on the open highway—with a clear straight stretch before you—your hands still have command of the wheel—you can feel that sure, firm, easy and eager responsiveness that's a part of the fun of driving.

The rest of the fun is in something else that's new this year—the highest horsepower that a Buick Fireball Engine has ever delivered—and an Airpower carburetor that lets loose an extra reserve of power when needed, and still adds extra miles to your cruising range on each tankful of gas.

So we suggest a family demonstration. You'll both like the hushed and restful silence of this superbly able traveler. You'll like the harmonious beauty of its interior, and the deep

and luxurious softness of its seats. You'll like the velvet-gloved grip of its Wide-Band brakes, and the most capacious trunk in Buick history. You'll like the smooth surge of Dynaflow Drive, and you'll like—but why waste time talking, when you could be finding out more than we can ever tell you? How about making a date to do that right now?

Equipment, accessories, trim and models are subject to change without notice. Write materials national at extra cost when available. †Optional at extra cost on ROADMASTER only.
