Harabedian Files Second Petition; Twp. Holds Action

Mike Harabedian, 647 West Bunker, again has petitioned for a rezoning change to permit him to erect a commercial building on property he owns at Maple and...

William F. Dolanay, former president of the Troy township zoning board of appeals April 15.

The petition was tabled until June 10 to give the township a month to check further with the township owners to determine what type of commercial enterprise they plan to establish.

BIRMINGHAM residents of the section filed a petition last December, protesting the rezoning change to business zoning, stating it would create an unpleasant condition for their immediately adjoining properties.

In the meantime, Birmingham is holding up the sale of several city-owned lots in East Maple Gardens, pending the outcome of Harabedian's second petition.

News copy submitted early necessarily is given preference over later copy. The "Early Bird" usually gets the space.
