Ledgewood lavatory and Cadet water closet. The Ledgewood is made of rigid cast iron and finished with a heavy coating of enamel. The Compact is genuine vitreous china. Both are durable, beautiful, easy to clean.

A NEW SHIPMENT of books arrives at the Baldwin public library and are catalogued by Miss Nelda Smith before being placed on the circulation shelves. Shipments are received several times each month and are classified and catalogued by Miss Smith. Head Librarian Miss Joanne Lloyd, in commenting on book receipts, said the average cost per book has risen from \$2.56 to \$3.88 during the past three years. (See Wheeler Photo.)

**Troy Zoning Board Surveys Area**

One of the most complete surveys of land usage ever taken in Troy township has recently been compiled by the township zoning board.

Included in the board's report are many interesting facts and statistics on this fast growing area. From 1940's population of 5,505, Troy now has an estimated 10,589 residents.

Two major factors were listed as contributing to the rapid development of the township during the past decade.

These are (1) comparative flat terrain providing easy development and (2) easy driving access to several major industrial centers surrounding the area.

HOWEVER, THE BOARD also listed several problems which must be considered in any future development.

These include (1) inadequate drainage facilities—no public sewers; (2) limited public transportation; (3) undeveloped local shopping area; (4) police protection from county; volunteer fire department; no garbage collection; (5) crowded schools; (6) lack of hospital, doctors and dental clinics; and (7) lack of water.

The report mentioned there are no general shopping-type areas in Troy, as practically all businesses are commercial ventures operated to serve the neighbors in the immediate vicinities.

Proper locations listed for shopping developments were Square Lake and Livernois, Rochester and Big Beaver roads and John R. and Maple.

**Hunting Accident Hospitalizes Boy**

John J. Gonzalez, 15-year-old son of Mrs. Eileen Gonzalez, 1852 Wards road, Bloomfield township, was wounded by a .22 caliber rifle shell Monday in an accidental hunting accident, according to the Oakland County sheriff's department.

Gonzalez was shot in the right arm by Deryl Beck, age 16, son of Mr. and Mrs. Donald Beck, 1765 Ward road, when Deryl tripped and the rifle discharged.

The boy was treated and released at Fontaine General hospital.

**School Board Candidates Must File Before May 9**

Two vacancies are to be filled at the annual school election on June 9, when the terms of Ross Campbell and William Spence expire.

Candidates for office have until May 9 to file their petitions, according to Board President Ernest A. Seaholm.

He said petitions could be obtained from Mrs. Irene Stevens at any time. Candidates may have no less than 50 nor more than 75 signatures of qualified school district voters when the petition is filed, Seaholm explained.

**Southfield Moves To Finance Paving**

The Southfield township board Tuesday night passed a resolution on the issuance of over \$5,000 in bonds for the setting up of a special assessment district for the paving of Magnolia from Southfield to the end of Margolis subdivision number three.

The board will make application to the municipal bonding service to cover that share of the \$12,890.50 project not already paid for.

Work on the pavement is expected to be completed early this summer.

**Birmingham Man Hurt In Detroit Accident**

Oliver Lang, 63, of 652 Brookside, is in Receiving hospital, Detroit, following an accident in that city Tuesday afternoon.

Detroit police said Lang apparently lost control of his car while driving on West Jefferson and ran into the front of a cleaning establishment. He suffered broken legs, ribs and lacerations about the head.

His condition Wednesday morning was reported as "satisfactory," according to the Detroit accident prevention bureau. Lang is a foreman for the Detroit Edison company in Detroit.

**Kinross Paving Gets Prelim. OK**

A preliminary hearing on petitions for the paving of Kinross from Southfield to Birmingham boulevard was held by the Southfield township board Tuesday night. The board authorized the township to proceed with the engineering costs.

Miller Homes, Inc., Detroit, owner of over 65 per cent of the property abutting the street, petitioned for the paving. They seek a special assessment district to cover the costs of those properties they do not own.

**Regulate Soil Removal?**

A top soil ordinance, drafted for the Troy township board, will be discussed by the board Tuesday night. The ordinance is an attempt to regulate the removal of top soil in the township.

**The Birmingham National Bank**

**A LESSON EVERY CHILD SHOULD LEARN**

Two of the most important things you can teach your child are the value of money—and the habit of saving it systematically. A savings pass book in your child's name provides a worthy outlet for the collecting "instinct" most children have, gives him an incentive to see his balance grow. And the story of interest earned by his money is a valuable business lesson, too.

Help your child open his own account, to grow with him, at this friendly bank. One dollar will start him.
