From where I sit... by Joe Marsh
Might As Well "Get In Key"

Last Tuesday Judge Cunningham wanted to go fishing. "Why aren't you working?" I asked.

Judge explained how his wife had gone on a trip taken his keys by mistake—and now he couldn't get in the office. So we went fishing.

Next day, he wanted me to go again. I was surprised those keys hadn't shown up yet. "The little woman phoned to say she mailed them," the Judge explained.

"They're now in the office, under the mail slot. I'd get 'em if I could just open that door." He grinned and picked up his fishing rod.

"Great little woman, the wife. You can always count on her. Let's go!"

From where I sit, we can use tolerance like the Judge shows for his wife's absent-mindedness... and she shows for his habit of lighting out for the fishing hole at every opportunity. He can't see why she likes tea, and she doesn't share his taste for a glass of beer. But they get along fine! Learning to respect other people's ways will "open the door" to happier living.

Make a list of your furnishings

Yes, we'll agree it's a dull chore. It's a bore some.

But every home owner ought to take time to make an inventory of his household furniture, clothes, books, etc. Now, tonight.

The average home owner guesses only a fraction of the real value of his things. The reason is, he acquired them one at a time over a period of years.

You should KNOW the worth of your possessions and increase your fire insurance on them to cover replacement at today's prices.

Don't guess. Make a list.
