

THE TOP PHOTO SHOWS THE ARCHITECT'S sketch of the proposed Quanton school addition which would be included in the Birmingham school district's three-million dollar bond issue. At left is a floor plan sketch of the six classroom addition with cafeteria and principal's office. The two story building would accommodate all grade school children within the school's area and enable each teacher to instruct 27 pupils per room. (See story on page one of part one).

School Board Approves Use of Baldwin School For Ground Observers

Birmingham's Ground Observer Corp. has been given the go-ahead by the board of education, to establish an observation post on the Baldwin elementary school.

Dwight B. Ireland, superintendent, said it would be necessary for the city to construct a catwalk for the protection of the room, but that board members would approve use of the building on a 24-hour-a-day basis, as long as necessary.

Minor Fire Wednesday At Townsend Apartments

Birmingham firemen responded to an automatic general alarm Wednesday morning when a smoke pipe in the basement of the Townsend apartments, Townsend and Chester, separated, igniting a joist.

Firemen said there was some smoke disturbance in the apartments but that fire damages were negligible. A small section of the joist was merely charred, they said.

WE HEARD IT SAID BY:—
Frank Rising, 1620 Brookwood, city commissioner, discussing placing of new sidewalk on W. Lincoln, from Southfield to high school: "I believe we should first find out how many students would use this walk before it is installed. How nice it would be if more people would find it fashionable to walk these days, as their elders did."
