FRIDAY, SATURDAY AND SUNDAY

MODERN DESIGN WITH THE CUSTOMER IN MIND

Russ Graham
DEALER

We call this our "dive-in" station, because it allows you safe and easy access from a high-speed highway.

The two large entrances and the pumps are angled so you can glide effortlessly into one of the six gasoline service spots. Attendants will reach you promptly.

Super-illumination inside and out maintains 24-hour daylight, for service around the clock. Restrooms are of the latest design, and our Shelllubrication and car washing facilities will please the most discriminating motorist.

Come and see our new station — and try our service. You'll be more than satisfied.

AUTOMATIC CAR WASHING • SHELLUBRICATION • OPEN 24 HOURS

SERVICE IS MY BUSINESS
