## More Eloquent Than Words!

It is true, of course, that a Cadillac owner is proud of everything about his motor car. But it is also true that he reserves a special place in his heart for the beautiful crest that rides high on the hood. For here, as only he can fully appreciate, is one of the most wonderful and unique symbols in all the world of manufactured products. In fact, it seems safe to say that no other mark of identification speaks so eloquently of the product that bears it . . . and of the man who owns it. It tells, for instance, of magnificent engineering and inspired design—and of experienced craftsmanship and painstaking construction. It promises mile after mile of superlative motoring enjoyment—and it foretells year after year of dependable and enduring performance. It proclaims, in short, the Cadillac pledge of quality—that here is an automobile built to the highest standards it is practical to enforce in the production of a motor car. And, oh, the wonderful things it says about the man behind the wheel! It reveals, more surely than if the words were spoken, that he is a man of achievement in his own private world of affairs. It attests to the high regard he places on the safety and the comfort of his family and his fellow passengers. And it says that he is a person of discernment and good taste. Little wonder that the man who owns a Cadillac takes special pride in the beautiful crest that identifies it and adorns it. The Cadillac crest tells its most eloquent story when it adorns the magnificent car illustrated above. For here is the illustrious eight-passenger Cadillac "75"—so luxurious, spacious and distinguished that it stands alone among the world's motor cars. Beyond it—there is only the future.
