

THIS and THAT By G.R.A.

Trying To Beat The Heat

Santa Claus Thinking Assignment of foreign service State Dept. officers to the office of Governors of Michigan and California (as a starter) in another sample of the spendthrift economic mind.

HERE'S A sample of New-Fair Deal thinking. Who pays for office space and secretarial help in the Governor's office, anyway...

Callous and insensitive, indeed, are too many of our leaders regarding the carbonation of the United States in world affairs.

When two prominent men get to calling each other names that are not nick names bearing the name-calling aren't presumed to think loftily of either of them.

A lovely booklet from the Upper Peninsula of Michigan was written by a Detroit newspaper editor...

So far as we know, not a single Democratic candidate for Presidential election...

A great big ocean ship, the United States, costing \$10 million of dollars, was just completed by Uacel Sank...

So Douglas MacArthur is going to keynote the Republican national convention that gets started in Chicago July 7th.

Delegate Polls Precinct, Finds Ike Favored, 8-3

If the preference of voters in Birmingham's Number One precinct (Quarant School) is any indication...

Several weeks ago, Wood sent to 1,000 voters in the city's No. 1 precinct a note asking them to indicate their preference for the GOP standardbearer.

Ungrounded TV Antenna Struck by Lightning

Lightning striking an ungrounded TV antenna on the Robert L. Neff home...

EVER SINCE the first replies started coming back in, it has been just about 72 per cent for Ike...

EARLY COPY NEXT WEEK PLEASE Because of the July 4th holiday, The Birmingham Eccentric will be closed all day Friday and Saturday...

Water Precautions Stay; Record Demand Is Felt

Commission to Get Plans on New Well

Spare all the water possible and help the city continue to meet demands of residences and businesses. City officials thus urged residents to take every care in using water so that the city may ride out this prolonged dry spell without the use of enforceable restrictions.

A new record for water pumpage was placed on the books hardly before the previous record had a chance to dry. City meters showed a total of 5,256,000 gallons were pumped during a warm June 14 Sunday when residents were home caring for their lawns and giving the family car a bath.

FEELING the pinch of the present shortage and aware of the coming increase in population next year, city commissioners Monday instructed City Manager Donald C. Egbert to prepare plans and specifications for the construction of a new well on lot 163, Birmingham Hills subdivision.

The well, estimated to cost \$35,000, will be located at Norfolk and Wakefield, in the southwest corner of the city.

Both he and his wife are natives of Michigan, spending most of their lives in Oakland County. He will seek residence in Birmingham as soon as possible.

Finance Head Appointment Made by City

William J. Johnson, comptroller of the city of Grosse Pointe Park for the past 10 years, has become Birmingham's first director of finance.

CITY commissioners Monday night approved the recommendation of City Manager Donald C. Egbert that Johnson, who has had 25 years of experience in auditing and financial control, be hired for the position.

Johnson will join the city staff shortly after July 1st to become head of the city's newly created department. His salary will be \$7,000.

AFTER A 10-year stay with Michigan Bell Telephone Co. office, Johnson was employed by the City of Pontiac under Louis Shimmel, noted municipal finance expert in Michigan.

Reports pointed out that Johnson has carried on a progressive system of municipal accounts during his stay at Grose Pointe Park.

Tom Tracy Granted Mintling Award

The Lawrence Mintling Memorial award, given annually to the most valuable player on the Birmingham high school baseball team, has been awarded to Tom Tracy, Maple pitcher.

Tracy, who recorded the school's first no-hit game in league play this season, lost only one of his starting assignments. He was captain of the team in his senior year.

THE 10-letter winner, who battled 264 for the year, becomes the fourth student to win the award, established as a memorial to the Mintling who was killed in the line of duty on two Jima in World War II.

EACH MEMBER of the team and its coach gets to cast one vote for their selection as most valuable player.

TRACY has been invited to play in the prep all-star game in Memphis, Tenn., in August.

Rescues Children From Burning Home

A Troy township mother remains in good condition in Pontiac General hospital today after she suffered first and second degree burns about the face and hands rescuing her three children from their flaming home late Sunday night.

THE youngest of her three children, Sandra, age 14 months, suffered burns on the face and hands but was released by the hospital after the fire was available.

Mr. Hawkins was at work in Royal Oak when the blaze broke out. All members of lower quality materials used. ROYAL LATTICE COMPANY. PENCIL Enterprises 6219.

City Delays Adams Survey

The engineering survey of Adams Road from Lincoln Ave. north to the city limits has been delayed because of present city construction.
