**Silly accident, but expensive!**

All accidents are silly—and unexpected.

The grocer boy does not plan to trip over a toy wagon in your driveway and break an arm.

But it can cost you thousands in a damage suit.

Or your dog may bite a stranger (or a friend). You may hit somebody with a golf ball. Your child may sock a passerby with a rock. A mailman may scoot on the ice or on a roller skate.

A very inexpensive America Fore policy will cover you against damage suits from all these and other unplanned expensive accidents. For example, you can get \$10,000 liability protection for only \$10 a year.
