

Bloomfield Hills High Mock Vote Picks Eisenhower

By JACKIE ALLEN

Bloomfield Hills high school held a mock Republican convention outside the school, May 16. The election was as close as possible, a duplication of the 1948 Republican Presidential Convention.

Introductory speakers were Janet Whitney, Gary Nicol, Marcia Wells, Jane Corrigan, Elmer Corrigan, Elmer Rhodes and Midge Wells. Chairmen of the meeting were Nan Gordon and Mary Andrews, secretary.

Each class plugged their own candidates with campaign posters and buttons.

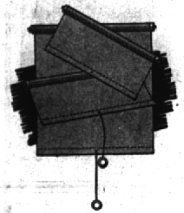

Nominating speeches were given by Steve Saunders, Faby McLean, Ted Watson, Roger Sullivan and Karian Richards. Second-day speeches were by Kathy Lawrence, Stewart Bower, Glen Whitney, Curt Dempster and Nick Redfield.

Demonstrations for the candidates included copy books, cowboy caps, gum, noisemakers, drums and even a Cadillac.

When final balloting was completed among the student body, Gen. Dwight Eisenhower led Gen. Douglas MacArthur by one vote, 65-64. Taft ran third with 54 ballots while Stassen and Warren failed to receive a vote.

BLOOMFIELD VILLAGE SCHOOL NEWS

Kindergarten news—This week we are finger painting. We sneaked the paint on the paper and then got on the paper but also on our clothes! We used three colors, red, blue and green, but Steve Bartholomew, Johnny Wagner and Bonnie Lou Hunt discovered by combining two of the three colors they could make a fourth color.

The boys have been making planes with our foot sets. Ross Sebridge is almost through with his now. He is anxious to take it home to show his parents. State Henry is back again after being out with measles. Connie Woolson was six years old, May 12th.

First grade—In art class we made things out of clay. Next week we will paint them. We are painting the brick wall for our library. We have twelve people taking the Summertime Weekly Reader.

THIRD AND FOURTH GRADE. The third and fourth grade have made plans to make a trip to the Sea. We painted it with finger paint. We made boats and trees for the map. Dale Koster is president, vice-president is Jim Broadwell, secretary is Jackie Paulus. So many people are bringing flowers that our room is full of them.

Second and fifth — President, Joe Odien; vice-president, Virginia Hinton; secretary, Ann Bates. Phil and his rodeo in the horse show at Outland's and won third prize. Valorie Armstrong from Clark Brandon will ride in the Northville Horse Show.

Sixth grade—we had an election Monday. The candidates were: secretary, Jeff Crawford; books, Terry Mahaffy and Donald Barnes; sheriff, Edna; president, well and Elizabeth Gillen; reporter, Bill Cartwright; plants and animals, Delores Schatz; presidents, Don Andreae and Carol Walkinshield.

DICK TAYLOR CAME back from Washington Monday and told about his trip. We talked about what he did and what happened before he left. During the time he was going to Washington the safety patrol boys from all states except the western ones were conducted through a sight seeing tour. He was carrying post cards he bought in Washington.

For the past two or three weeks we have been trying to find out when America was a nation. Half of the information was found by Bill Cartwright in the Monroe Doctrine and the other half was also found by Bill Cartwright in the League of Nations.

WEDNESDAY, MAY 14, ELIZABETH GILLEN told about her trip to Arizona. She told some things she got on her way.

We have been talking about the parts of flowers to seed in the flower and the parts by heart. We did not look at the drawings we did before, but tried to draw the flower and the parts by heart. Then we hung the papers up.

We are going to have 3 committees. Two to draw enlarged pictures of a flower and its parts and what its parts are and do in the flower. One of these committees is going to draw a picture so large in length that it will cover our whole back wall.

Thursday, May 15 our mercury barometer was broken accidentally by Mr. Crandell.

We still have our "Grandma Teakettle" Barometer, which is shaped like a teakettle. This barometer is still very accurate, but we can still tell about what the weather is going to be.

TUESDAY, MAY 13, the boys played baseball with the girls. Mary Slater was pitching for the girls and Howie Davis and Hank Bartholomew pitched for the boys.

During May 12 and May 16 we played four games with Howie Davis' team winning 2, and Hank Bartholomew's team winning two.

Friday, May 16, we turned in our charts on the rat which contained his weight, age, rules, reasons why we use rats, what we found out from our experiment and our conclusions.

The same day we turned in our maps of Europe, Russia and Turkey we were to put in rivers in Russia, all seaports, and straits, seas, islands and capitals.

In art class we worked with modeling clay. Most of us did not finish by the time art class ended. We worked on our unfinished models whenever we had time.

Most of us made ashtrays, and a few made animals. Only two or three made small flowers.

Take Second In Division Track Meet

By JIM BARR

Birmingham's track team took runnerup spot behind Roseville in the Class B division of the regionals at Ferndale last Saturday.

Qualifying to compete in the state meet at East Lansing Saturday were Dave Bowen and Tom Rickelman, shotput; Bowen, high-jump; Ken Fowler, pole vault; Jim Barger, 120 yd. high hurdles; Ned Sharples, 440 yard dash; Gordon Yates, mile run; and Henry Moore, Merrill Schlaack, Jim Newnam, and Ned Sharples, 880 yard relay.

Yates ran a 5:00.03 mile good for first place, after his shoe and sock were spiked off during the first lap. Other Birmingham firsts were Fowler, a tie in the pole vault, 10 ft. 4 1/2 inches; Sharples, 440 yd. dash, 53.7; Barger, 120 high hurdles, 14.8; Bowen, shotput, 47 ft.

Final scores by teams were Roseville 45, Birmingham 30 1/2, Romeo 25, Cranbrook 2 1/2, Lathrup 21, Utica 10, Detroit Lutheran 9, Redford Union 7 1/2, Marysville 6.

Maples Trim Troy On Three Hitter

By RON BARBER

The Birmingham baseball team triumphed over Troy last Friday in a 2-0 game at Pierce field.

Maple hurler Tom Stinson fanned three and allowed only three hits and one walk. Troy's pitcher Roy Ciske controlled the Maples for three up and three down until the fourth inning when he

was tagged for a two-run rally. Bob Taylor led off the fourth inning by getting first base on the third sacker's error. After Dave Roehm grounded out, Tom Tracy pounced on a single to left field. Then Gordon Mutch, the Maples' leading hitter, slammed a single to center, scoring both runners for the winning runs of the game.

The only big threat to Stinson's three-hit shutout came in the first inning. With two out two Trojans were put on by an error and a walk. Then Jim Gee, Troy's best hitter, hit a single to left only to have the rally halted by a strikeout.

Cranbrook Squad Finishes Fourth In Track Meet

Cranbrook's Varsity Track team, last year's Regional champs, finished fourth out of twelve teams competing in the Regional meet held on Sat., May 17th, at Ferndale.

Grant Griswold and Jim Stadler took 2nd and 4th places, respectively in the 120 yard hurdles. Bill Yaw and Dick Deskin placed 2nd and 3rd in the 440 yard dash. Doug Richmond finished second in the 880 yard run. Bob Godfrey took second place in the mile. Jim Stadler and Dick Deskin tied for fourth in the high jump.

The 880 yard relay team of Dan Newey, Ned Bearden, John Youel and Bill Yaw finished fifth. The medley relay team, composed of Bill Chase, Ned Bearden, Dick Deskin and John Youel captured second place in 2 minutes, 42 and 5/8ths seconds—a new Cranbrook record.

As a result of this meet, Cranbrook will result the above 3 winners to the State meet to be held at East Lansing on May 24th.

FASTEST GROWING SPORT

Bow hunting—the sport of taking game, and fish, with bow and arrow is growing by leaps and bounds in Michigan. Local archery clubs are springing up everywhere. Sportsmen's clubs are building field archery courses to sharpen the eye of would-be hunters. Liberalized hunting regulations have spurred the sport to unprecedented heights. This fall may see as many as 25,000 archers licensed to shoot deer! Thousands more engage in target tournaments all summer.

Bow Fishing Now Popular
This year for the first time carp and garfish may be taken with a bow and arrow, and manufacturers are having a hard time keeping up with the demand for special equipment needed for the pursuit of this sport. Bowfishing requires a reel mounted on the bow, with the line attached to the head of the arrow. The most widely used type of arrow has a special expanding barb and detachable head. When the arrow strikes the fish the shaft floats free, and the archer proceeds to land his prize either hand over hand, or by playing the fish from the special reel.

A Birmingham resident, Mort Neff's "Michigan Outdoors" television show appears every Thursday at 10:15 p.m. over station WJ3-TV.

CAP Open House To Give Program

Civil Air Patrol cadets will hold an open house tonight at 7:30 in Baldwin elementary school to introduce the CAP program to prospective members and parents.

A movie outlining the CAP program will be shown and Major Cox, USAF liaison officer, will speak. Senior CAP members will answer questions from those present.

Cadet membership is open to any boy or girl between the ages of 14 1/2 and 18. The program presented to cadets includes the theory of flight, airplane and engine maintenance, navigation, military courtesy, and discipline, meteorology and CAA rules and regulations.

All teenagers and adults who are interested in the Civil Air Patrol are invited to the open house.

Amana MODEL 18 UPRIGHT FOOD FREEZER
18 cu. ft. capacity. Holds approximately 630 lbs. of food.
There is a model and size for every family.

OUTSTANDING Amana UPRIGHT FEATURES:

- "SEE-LEVEL" VISIBILITY!**
All food packages in sight and within easy reach. No need to bend, search or lift packages!
- TAKES LESS FLOOR SPACE!**
The Amana Upright, with its modern design, takes 40% less floor and wall space than chest type freezers of similar capacity!
- "POSITIVE CONTACT" FREEZING!**
Every shelf in the Amana Upright is a "positive contact" freezing surface... you don't just place food up against a freezing surface... you put it right on the freezing plate! The weight of the package itself speeds the freezing process!

Best by Independent Laboratory Tests!

- Independent laboratory tests of the 9 major brands of food freezers prove conclusively that the Amana Upright freezes large quantities of food faster than all other freezers tested... and at the same time consumes less electricity!
- The Amana Upright maintains zero temperatures more economically than the average of all other freezers tested.

Tests conducted by Electrical Testing Laboratories Inc., New York, N. Y.

YOU FREEZE FOOD FASTER AND STORE IT WITH GREATER SAFETY IN THE Amana UPRIGHT

The money you save on quantity purchases is lost unless the food is immediately processed, in order to prevent deterioration. Garden or farm produce similarly, will spoil unless quickly preserved. Although many freezer manufacturers recommend fast freezing about 35 pounds of food at one time—the Amana can fast-freeze as much as 75 pounds of food—and even more—at one time. No wonder everyone is demanding Amana Uprights... the freezers with features of the future!
