# Now—the car of the year—the deal of the year!

And we're ready to back up that headline with appetizing facts, and generous figures. For example, "the car of the year" is more than a glib phrase, it's a title that Mercury has earned by doing—by making news.

Mercury is the one car in its class that came up with something really new for 1952—styling so new it left other cars far behind. And Mercury (with optional overdrive) again proved that pound for pound it could beat all comers for economy in the Mobilgas Economy Run.

But, we know, you're equally interested in "how much" for your present car. We can give you some idea if you just pick up the phone and call us. But we can do even better if you give us a chance to appraise it firsthand—so we can allow for the extras and the care you've given it.

So drop around. Our deals are now the best of the year. That means tops in town.

Don't miss the big television hit, "TOAST OF THE TOWN" with Ed Sullivan, 8:00 to 9:00, Station WJHR-TV, Channel 2
