He Even Hates to Stop for Lunch!

Put a man behind the wheel of a Golden Anniversary Cadillac—point it to a destination some hundreds of miles away—and try to stop him!

And small wonder!

In all the world, there is no finer relaxation for a work-weary man than a day's drive at the wheel of a Cadillac.

Try it sometime, and see for yourself.

The moment you slip into the driver's seat, you'll sense that something extraordinary is about to happen to you.

The car has a "feel" to it—even when it isn't in motion. You sit right. The wheel

falls naturally into your hands. You look out through the big curved windshield—over the beautiful hood and into the distance—and you know that "this is it!"

And then you turn the key and the great engine whispers into action—and the day's fun begins.

First, there's the *silence*—only the soft sound of the wind slipping by—and the occasional tick-tick of the electric clock.

And then there's the *comfort*—the easy, soft ride over almost any type of road.

And next, the *handling ease*! The steering wheel moves with the weight of the hand.

There is remarkable steadiness on both straightaway and curves. And the big, easy-acting brakes give you added confidence every time you touch the pedal.

So the miles go by and the miles go by. Towns and villages appear and disappear.

"What's that? It's time for lunch!"

"Okay—but let's make it quick and easy. We'll have a big dinner tonight."

Don't you think you'd like to own the car that can make a journey such a great delight?

If so—come in and see us—any time.
