# Merger Provides More Facilities For Girl Scouts

The annual Torch Drive this year has new importance for the increasing number of young girls growing up in Birmingham and its district communities of Bloomfield Hills, Bloomfield township, Bloomfield Village, Beverly Hills, Franklin, Pine Lake and Walnut Lake.

This is because girl scouting, financed financially by the United Foundation funds raised during the drive's "Give Once For All" campaign, now offers a greatly expanded program to girls residing in these areas despite a great increase in enrollment that has accompanied population growth.

Mrs. James Abbott, executive chairman for the Birmingham Girl Scout district, explained that the increased scouting activities have been made possible by merger last January of the Birmingham council into the Southern Oakland Girl Scouts Inc.

"The Birmingham district is represented on the Southern Oakland board of directors by Mrs. James Abbott and Mrs. John St. Clair.

**THE MERGER**, Mrs. Abbott said, illustrates how money contributed to the United Foundation is put to work in a manner that provides maximum benefits to all concerned.

## Kappa Deltas Gather For Founder's Dinner

South Oakland County alumnae of Kappa Delta will join with Detroit groups for the annual Founder's Day dinner Thursday, October 23.

The event will be held at 6:30 p.m. at the Whittier Hotel, Mrs. John H. Jones is handling reservations in this area. Among those planning to be present are localites Mrs. Clarence Blennan, Mrs. Richard Manges and Mrs. John Thoms.

LOCAL GIRL SCOUTS ENJOY CAMPING FACILITIES  
Camp is located near Orionville

"Last fall, she said, 'the Birmingham council received approximately \$1,000 from the United Foundation to finance the character building and recreational activities of 97 troops comprised of 956 girls and 357 adult leaders.'

"That enrollment was an increase of 16 troops and 171 girls over the previous year. Our adult leadership was swamped. So were our camping facilities at the Walnut Lake residence of Mr. and Mrs. Walter Carey, who so generously have made their grounds available for tents.

**"OUR SOLUTION** was to unite with the Southern Oakland Girl Scout organization. In doing so, the Birmingham district relinquished its individual support by the United Foundation. Instead, the Birmingham district now is one — and incidentally, the largest — of seven districts supported by the United Foundation allocation

and training of volunteer leaders, and access to its established camp facilities."

**THE ADMINISTRATIVE** and training services are provided from headquarters maintained in Royal Oak, and include services of Miss Diane Richardson, a professional staff member, as district director for Birmingham. These services are financed by the United Foundation's allocation from the "Torch Drive" campaign.

The Southern Oakland group's Camp Nardin at Orionville, however, is maintained by troops' sales of calendars and cookies.

Miss Jeannette Deaver, executive director of the Southern Oakland Girl Scout organization, pointed out that except for seven staff members who devote their full time to the work, adult volunteers provide troop leadership, standing committee membership, district and area administration personnel.

**"THE CENTRAL OFFICE** in Royal Oak," she said, "functions to provide services such as maintaining and processing registration records, typing, mimeographing, mailing and distributing information and materials for the district groups, and a meeting place for adult committees and training classes."

"The assistance provided by the full-time executive and district directors includes leadership training and consultation, advisory work with the council and district committees, direction and supervision of the extensive camping program, and co-ordination of the council's activities."

"Birmingham district residents contributing to the Torch Drive will be interested in knowing that funds allocated to the Southern

Oakland Girl Scouts makes scouting possible for more than 9,300 girls in 350 troops.

**"BUT EQUALLY** important is the assistance given these girls by more than 700 volunteer troop leaders, 1,000 troop committee members, 173 administrative volunteers, 40 program consultants, 69 sponsoring groups and 21 co-operating agencies and civic groups."

"There is approximately one paid staff member and 400 volunteer workers for each 1,000 girls." Thirty-seven per cent of the funds allocated by the United Foundation to the Oakland Girl Scouts last year was budgeted for field services to assist these volunteers, Miss Deaver said.

Other expense items were program and education, 25; office management, 20; administration and direction, 15; and public relations, 3.

# WHAT'S IN THIS TEAR

that's worth \$11,900,000.00?

A chemist could analyze it... this lonely tear. He could tell you it's nothing but a little water with a touch of salt. Not worth a red cent, nor a millionth of a red cent.

And yet, there's something in it that stirs this "tough," hard-working city of ours into the greatest program of giving that the world has ever known.

Because people around here know that a tear is more than water and salt. We know what a tear is.

It's the lonely cry of a child in the night, with no one to answer it.

It's the desperate sob of a mother who does not know where to turn for help.

It's a sharp cry of pain, a reform cry of fear, or a soft cry of hopelessness.

And the answer to that cry is in the hearts of hundreds of thousands of people in this community who refuse to turn their backs on misery and suffering.

It doesn't matter what part of the community they live in, or how they earn their living. Skilled or unskilled, career girls or home-makers, professional men or business men. Merchants, teachers, government workers. Men who work in shirt sleeves or men who wear their coats.

The important thing is that they have hearts. And they won't look the other way when they see a child's tears.

That's why the people who live in and around Detroit are going to raise \$11,900,000.00 this year through the United Foundation Drive. It will show the rest of the nation, and the rest of the world, what kind of people we are in Detroit!

## EVERYBODY GIVES

**MECHANIC**

"I am proud to contribute by payroll deduction to the United Foundation Torch Drive. It's wonderful the way people of metropolitan Detroit respond to the call of those who need help. And I certainly think it's a fine idea to have one big give-over-for-all drive for 150 worthy causes rather than have so many separate drives." Harold C. Brown, Melvindale, Michigan

**DRUGGIST**

"In thirty years as a druggist, I've seen more than my share of human misery. Thank God there are thousands of Detroiters who are able and happy to do their share to ease the burden for those who can't help themselves and who give as I do—the Sensitive Give Once For All—through the United Foundation Torch Drive." C. E. Kirchner, Detroit, Michigan

**OFFICE GIRL**

"I love children. They are the most precious asset we have in this country. Everyone knows how important the Torch Drive is to save children from disease and despair and to make them good citizens of our community. I give all I can to the United Foundation." Estelle Uppliger, Detroit, Michigan

**LAWYER**

"I see continual proof of the good work accomplished by the health and service agencies that are represented by the United Foundation. In Boys' Clubs and other youth activities, the metropolitan Detroit area can do a lot to combat juvenile delinquency and crime." H. Eugene Field, Royal Oak, Michigan

**THE 1952 TORCH DRIVE STARTS OCTOBER 14th**

1. Give Where You Work: Plants, offices and small businesses are organized into chapters. Use the payroll deduction plan to spread your giving over a year's period.
2. Give At Your Home! You women who are Detroit's "home makers"... open up your hearts to the needs of the unfortunate. Give a warm welcome to the volunteer contributor who calls on you... and make your own personal contribution to Detroit's great Torch Drive.

**150 CAMPAIGNS IN ONE!**

Yes, 150 worthy causes have been unified into one great drive to spare you the annoyance of constant solicitations. Each cause is important. Each has been carefully investigated to make sure it is completely deserving and needs your support. If you wanted to give a dime to each of the 150 services represented, it would be \$15. If you wanted to give a dollar to each, it would be \$150. So give all you can... dollars, dimes and quarters... and Thanks.

We are glad to sponsor this important message.
