"That nice new store"

Your Choice: + \$24 Million - \$65 Million

"Four years ago, the State had a surplus of 24 million dollars. But, during the next four years under a Democrat Governor, the 24 million has been spent and a deficit of 65 million dollars has been loaded on the over-burdened backs of Michigan taxpayers," Fred Alger points out.

"In other words, they have spent 89 million dollars more than Michigan collected in taxes."

Book Sale In Progress

Invited representatives from 25 schools and libraries of this area attended the AAUW Book Sale on Sunday afternoon and were given first choice from more than 10,000 available books. By the end of the afternoon's sale more than 1,800 books had found their way to schools, libraries and children's homes, and were paid for by the generous act of an anonymous donor.

"The representatives found the best selection of books the AAUW has ever had—in quantity and quality," said Mrs. William Keget, AAUW member in charge of public relations. "Although the supply of books this year is large and the selection excellent, the price is still very low."

THE BOOK SALE which is being held at the Detroit Edison Company, will continue the rest of this week. Today and Friday the sale is open from 8 in the morning until 9 at night. Saturday the hours are from 8 a.m. until noon.

Books are reduced in price on Friday and are half price on Saturday.
