

Fashion Notes

Hats for fall and winter are very different from those of last season. The cloche of World War I is back in felt or velvet.

Helmets and turbans are here for big coat collars and oversized brims are either plain or may be decorated with fur or ostrich.

Wonderful Way to Start the Day!

Well, there he goes, backing out into the challenge of an October morning—and there's no denying that he's off to a wonderful start.

You see, he's at the wheel of a Golden Anniversary Cadillac—and there's no greater lift to the spirits than the delectable whisper of a Cadillac engine.

It says inspiring things to the man at the wheel.

It tells him, first of all, that life must have gone rather nicely—to take him from where he was—to a place where he owns and enjoys a beautiful Cadillac. Pretty good precedent for a good day today!

It tells him, too—that wherever he drives in the day's activities—the Cadillac crest will pave the way for the respect of the people he encounters.

Yes—he feels pretty good as he turns into the highway, touches his toe to the sensitive throttle, and heads into the adventure of another day.

The miles go softly by... the occasional tick-tick of the electric clock reminds him that he's well ahead of time for his first appointment... and so he just settles back—relaxed and at ease. Nice, nice going!

Many men have told us that the drive to work in a Cadillac is the finest part of the day. Their heads are clear and their minds at ease as they roll serenely along—a wonderful time to think and plan.

Of course, this is only an extra value that comes with a Cadillac: comes in addition to comfort and safety—and dependability and long life—and all the other wonderful things that make this magnificent car the Standard of the World.

Why not come in and see us—and arrange to enjoy them all yourself? We'd be happy to see you—any time.
