## Officers Elected To Assembly Club

To elect new officers, the Birmingham high school assembly club met in the little apartment last Monday evening.

Leading the club this year are Bob Appleford, president; Perry Flores, vice president; Ted Schwartz, treasurer; secretaries are Sarah Colwell and Sally Wilkinson. Officers were selected from 14 seniors and nine juniors who are all regular members.

Election of new members from the ninth and tenth grades were held Tuesday. Six sophomores and four freshmen were chosen from a group of approximately 125 candidates.

Three honorary members from the senior class will be chosen sometime this week. The seniors wishing to be selected will send in letters of application.

The assembly club's first program of the season tomorrow will present A. Pilkington, deep sea diver. The club also will give the kick-off assembly for the first home game with Mt. Clemens Oct. 3.

Want ads cannot be accepted after 5 p.m. each Tuesday.

## Program Planned For CAP Group

A full week-end of activity was planned for the Birmingham C A P squadron last week.

Promoted to second lieutenant were Bob Owen, Willard Newman, and Charlotte Schwimmer at the Thursday night meeting.

A turkey shoot and dawn patrol were held at Warren air field. Assisting in the turkey shoot were Bob Owens, Willard Newman, Ruth Hibbard, Dorothy Schwimmer, Charlotte Schwimmer, Bob Selvidge, Ginny Baker, Barbara Noyes, and Pete Thomas.

Prizes shot for were donated by various people and stores.

Next Sunday a mission is being planned for seniors and cadets from observation flights to check all posts in this area. The cadets will be used to service planes and fly as observers.

Future plans are being made for an overnight mission to test the ability of all squadrons in Group 3 in getting into action fast. Group 3 will notify all squadron commanders just 24 hours ahead of time, and it is up to the officers to get the cadets to where the mission is to be.

At Selfridge air field for the last two weeks of August were Bob Selvidge, Willard Newman, Ruth Hibbard and Dorothy Schwimmer, learning about navigation, air sea rescue, firearms, and food supply.

## Activity Ticket Placed On Sale At High School

The biggest bargain in their experience was presented to Birmingham students last week when the new activity ticket went on sale in 37 hours.

The ticket, certificate of membership in a student association supporting the entire program of high school activities, was planned by a faculty committee headed by Frank Widney, director of recreation and physical education, and made up of advisors, Ross A. Wagner, principal; and former school bank head, Merle Taylor.

Membership is open to students, teachers, clerks, and members of the maintenance staff of the school. The ticket entitles the owner to assemblies, all home athletic contests, band and choir concerts, four football programs, a sporter's subscription to the Highlander, school paper; general admission to the spring play, Student Congress fee, and the two traditional all-school dances, the Piquein Prom and the Spring dance, a total value of \$18.35 for six dollars.

THE STUDENT ASSOCIATION plan of supporting a fall program of activities is in almost universal use in the larger high schools. It could not be adopted in Birmingham until this year because of the small enrollment. The cost of the ticket would have been at least \$10.00 per student.

With the 1952 term listing of 1206 students and nearly 50 teachers, co-operative financing was assured a success at a low per-member cost.

Serving on the faculty committee which ironed out the details of the organization were Mr. Whitney Chalmers, principal; Mr. Wagner, Arnold Bernt, Merle Taylor, Mr. Ulrich, Mr. Ruth Abe, Miss Dorothy Allen, E. A. Hubbard, Vincent Seontine, Charles Thumser, Miss Sally Reid, Mrs. Carol Darling, Miss Vida McGiffin and J. Jay Myers.

## BARNUM JUNIOR HIGH NEWS

The movie, "Tom Brown's School Days" was shown to the entire student body in the gymnasium on September 19.

This movie was based on the novel by Thomas Hughes. The setting of the movie was Rugby, a famous boys' school in England from 1838 to 1842. The part of Tom Brown was played by Jim Liddery and his friend, East, was played by Fred Bartholomew.

The Language Arts department sponsored the movie to acquaint the students with the classics.

PRACTICE UNIFORMS have been distributed to approximately 70 boys who have signed up for the football team. The first string hasn't been chosen, but they are learning the plays and are starting tackling practice.

When lunch time comes around at Barnum, the students can look forward to the tasty, nourishing meal served in the cafeteria. Those who prefer to carry a lunch are able to buy cold milk and ice-cream in the gym.

The problem of overcrowded lunch-rooms has finally been solved. Eighty eighth graders eating lunch at the seventh grade room fifth. This gives everyone plenty of time to enjoy his meal.

During the next few months, when children are unable to go outside for lunch, movies will be occasionally shown in the gym for their enjoyment.

If a student lives near enough to school he is permitted to bring lunch at home if preferred, but do so, he must carry a note from a parent or guardian.

All students are expected to eat lunch at school or at home.

## ONE HUNDRED FOURTEEN

students have joined the eighth grade mixed chorus, and one hundred fourteen, the seventh grade mixed chorus. Eighty eighth grade girls have 40 members, and seventh grade girls' glee club has 40 members. That the girls' glee clubs are not yet completed.

The band and orchestra, with increased memberships this year, have already begun practices.

After discussing with the routine matters of assigning lockers and explaining the rules and regulations about the use of the playground and the gym, the boys' gym classes have been learning to play touch football in ten days an indoor program, including dancing and ping pong, has been planned. Beginning November the boys will have swimming once a week.

## MISS SCHULTZ is a new teacher at Barnum J. High School. She was graduated from one hundred Pointe High School, and attended Michigan State College for four years. When asked what she liked math, Miss Schultz replied, "I'm fond of it in making those who don't like it, like it. She likes musicals. She also likes sports, especially Michigan State football games."

The Sportsman's Club arranged an attractive window display of duck decoys in the lower hall.

The Barnum shuffleboard courts have lately been busy with a big shuffleboard tournament for girls of both grades.

The winners of one class will play the winners of another. Soon a champion will be declared from each grade.

## BARNUM JUNIOR HIGH had an assembly last week. Mr. Pickrel of the Fisher Body Craftsmen's Guild came from Detroit to tell us about the Craftsman's Guild. Pickrel also told us about Le-Saber. The Le-Saber is a designer's dream. It is also a laboratory on wheels.

## September Tips

1. Move shrubs and trees NOW (except thin barks like magnolia, birch, etc.)
2. Divide and move lily-of-the-valley. (Spade in mature before replanting)
3. Divide peonies. Do not plant eyes more than 2" below surface or no bloom.
4. Avoid moving tender perennials (those blooming in late summer and fall) now. Spring division is best.
5. Keep lawn mowing about 1 1/2" high. Last mowing may be shorter.
6. Still time to fertilize and seed. (Seed that does not germinate this fall will do so in spring—long before you can walk on lawn).
7. Plant daffodils and narcissus NOW. Wait until Oct. 15th for tulips.

BUT if you want a good selection of tulips come in now because they are disappearing.

## HOW MUCH FUN do you get from a GALLON OF GAS ?

"MILES PER GALLON" is something everyone talks about—and Buick owners take pride in telling us that they're doing OK on this score. But the kind of miles is important too. The real pay-off you get when you own a Buick is in what happens while you're turning gas into power.

Every drop of gas sets off a tiny tornado of compacted energy in Buick's Fireball 8 Engine.

You swoop from a standing start to any speed the law or good sense permits with effortless smoothness, thanks to Dynaflow Drive.\*

You soar over the road with magnificent levelness—buoyed by big soft coil springs on every wheel—coddled by a dozen other features which make up Buick's million dollar ride.

The car holds direction like an airliner on the beam. You snug into turns with sure-footed poise—ease your grip on the steering wheel and feel the car seek a straight course again like a compass points to the pole.

This is travel as you've always hoped to find it—relaxed, carefree, luxurious, happy—while you leave the miles behind.

Yes indeed—life's different in a Buick. How different you should find out firsthand.

How about letting us give you a sample—any day you say?

Equipment, accessories, trim and models are subject to change without notice. \*Standard on Roadmaster, optional at extra cost on other Series.
