Vacation of Alley Sought by Residents

A petition requesting the vacation of an alley running east and west from Southfield to Wilkins, between W. Lincoln and Wallace, has been referred for study and recommendation to the city manager.
For more than 20 years the alley has not been used by vehicles, and most abutting residences have used it for yard and garden purposes, the petition states.

Commission Sets Eton Width at 29 Feet

Eton road, between 14 Mile and Lincoln, will be widened to 29 feet, city commissioners decided Tuesday evening.

In determining the necessity of this improvement, commissioners pointed out that it may be necessary to prohibit parking of truck traffic to the industrial area immediately to the north indicates a need for such a requirement.

Over 150 residents, represented by Douglas Levy, 1595 Eton, agreed to the 29-foot width. Originally, they had opposed all widening of the present 18-foot strip pavement.

Commissioners also agreed to widen Eton from Lincoln to Maple at the same time, if possible.

RESIDENTS AGAIN asked city officials if there weren't some alternative route for trucks, such as over Adams or Coolidge.

The commission said it might be years before these two streets

were further improved by the county road commission, and that in the meantime residents would have to suffer the heavier traffic.

The assessment roll for the widening of the southern half of Eton was sent to the city assessor for preparation, after which the commission will hold a second hearing on the confirmation of the roll.

work, just sit down and begin playing a game of solitaires. Next thing you know some fool will pop up behind you and begin telling you what to do next.

"Gracious, Gwendolyn, it's been seven years since I last saw you. You look lots older."

"Really, Elinor, dear. I don't believe I would have recognized you either if it were not for that dress and hat."
