

No Southfield Carnival
A petition from the Southfield American Legion post to hold a carnival at the northwest corner of Nine Mile road and Telegraph was denied by township board members Tuesday night. Board members explained that the nuisance caused by an operation of this type made the denial advisable.

Jackson Candidate On Bronco Nine
Lucius Jackson, son of Mr. and Mrs. Lucius J. Jackson, 648 East 15th, is out for the 1953 city basketball team at Western Michigan College of Education. Jackson, a senior, is a graduate of Birmingham high school, where he played one year of football, two years of basketball, and three years of baseball.
At the present time he is seeking a starting position for an outfield on the Broncos baseball squad.

Subdivision Replat Meets City Approval
Approval of a subdivision replat that will permit construction of a dozen homes between Larchlea and Pleasant, north of Midvale, has been given by Birmingham city commissioners.
It is known as Merritt Homes subdivision, its developer will be required to make an additional escrow deposit for the paving of the half block of Midvale just east of Larchlea.
A certified check for more than \$18,000 already has been deposited with the city to pay the cost of the sewer and street improvements within the new subdivision.

SELF-PRESCRIBING IS OFTEN "BAD MEDICINE"

Diagnosing one's own ailments—and prescribing for them—is not only bad practice, it is bad medicine as well. Bodily symptoms are far too numerous and deceptive for an amateur to toy with. What may appear to be the sign of a trivial ailment may actually be indicative of a serious illness. And a symptom that frightens the "self-doctor" to death may be nothing at all. Don't play doctor when you have reason to be concerned about your health. Play it safe. See your physician because he alone is qualified to diagnose and prescribe what is "good medicine" for you.

Cancer Crusade Under Way Here

"Cancer Strikes one in five—Strike Back—Learn the Cancer Facts", is the appeal of the 1953 Cancer Crusade currently in progress in Birmingham and Bloomfield Hills, according to Mrs. John R. MacMannus, local general chairman of the Crusade.
Mrs. MacMannus and her committee of 25 prominent local women spearheading the educational campaign which aims to teach every single resident information about cancer considered vital in saving lives from the disease.
"About 70,000 people could be saved from cancer this year if only they would learn the facts about the disease and have their regular physical examinations," said Mrs. MacMannus. "Some of these men, women and children could be our friends and neighbors right here in our own community."
"So, during April, which is Cancer Control Month, the Birmingham-Bloomfield Hills Crusade committee has undertaken the responsibility of encouraging our friends to learn more about cancer and take proper protective measures."

LOCALITIES WHO have joined with Mrs. MacMannus in her Crusade will be led by Mrs. E. J. Anderson of Bloomfield Hills, and Mrs. Robert F. G. Copeland of Birmingham. Others serving on the committee are Mesdames Howard B. Barker, Warren S. Boyd, W. O. Briggs, Jr., Robert W. Budd, Charles E. Carey, E. A. Christie, Milton F. Coulson, Harry M. Denney, Thomas A. Farrel, E. E. Fisher, Damon S. Gall, William T. Gossett, John B. Hammond and C. M. Higgins.
