MEN'S STYLE CENTER

For three generations this famous Western mill has produced the finest available woolen apparel for men. Just three years ago Pendleton—for the first time—introduced their distinctive line of women's apparel. In three short years the volume of women's apparel has eclipsed the volume of men's apparel. Three years against three generations.

There's a reason. Pendleton creates all of its own fabrics from the raw wool. It creates its own colors, and its magnificent patterns. The coloring in skirts and jackets is perfectly correlated, and each ladies' jacket is perfectly worn with one of these different toned skirts.

For comfort there is no match for a Pendleton 49'er and a Pendleton skirt. For beauty—well, you be the judge. And for price—it's difficult to understand how the famous 49'er jacket can be sold at \$17.95 and \$19.95, and the skirts (with silk sent) at \$14.95 and \$15.95.

All of the newest Spring colors are now at the Village Store. Come and see for yourself.

Red Cross Drive Extended; \$12,669 Collected in City

Oakland county's American Red Cross chapter has announced that the 1953 drive will be extended throughout the county until April 8.
In Birmingham, Chairman DeHull Train said today that \$12,669 had been turned in.
Gar A. Sweeney, county fund drive chairman, said the date extension was to enable applicants to contact persons who were away at the time of the first contact.
"The drive came at a time when many families were taking south-

ern vacations," Sweeney said. "We know they will want to make their contributions and with the increased financial demands on the Red Cross, we certainly need the monies these people represent."

"WE HAVE HAD sharp increases on the demands placed on the Red Cross. We are called on to supply blood for wounded servicemen, for civilians and for the gamma globulin program to help youngsters escape the crippling effects of polio," Sweeney said.
"All this has added up to more and more money. As we bring the drive into the closing days, we must make every effort to contact all residents and urge them to give liberally."
