# Fresher by Far!

Washed and Brushed - Grade "A" All Purpose

**10 lbs. 49¢**

Through intensive research, Wrigley's has developed a new, revolutionary method for keeping fruits and vegetables FRESHER. This accomplishment of displaying fresher produce was made possible through the use of "ice channels" (shown above) — a metal rack packed to the brim with crushed ice. It employs a new simple principle that cool, moist air travels downward and sideways, keeping the produce at a constant temperature and humidity. That is why you are assured of "Kool-Krisp" vegetables being "FRESHER BY FAR!"
