DOLLAR FOR DOLLAR YOU CAN'T BEAT A

# Pontiac

A GENERAL MOTORS MASTERPIECE

Its Great Name Makes Its Price Remarkable!

Consider the respect in which the name Pontiac is held—then consider that this great car is priced only a few dollars above the lowest—and you can come to only one conclusion: that here, indeed, is the biggest value your automobile dollar can buy. The reason is very simple: Pontiac is the one car deliberately engineered to give you features of the costliest cars at a price right next to the lowest. This has been true for years—but never more evident than in the wonderful new 1953 Pontiac. You see proof of this in its distinctive Dial-Strak styling, in its luxurious color-keyed interiors,

and in its longer wheelbase and road-hugging weight. You see it even more when you get behind the wheel and realize that under the hood there's more power than you'll ever likely need. And as the years and the miles roll by, you get the most positive evidence of all in its amazingly low maintenance cost. Why not take your first step toward enjoying the pride and pleasure of Pontiac ownership by investigating Pontiac's modest cost? You'll quickly see that so low a price on so great a car represents a truly remarkable value. Come in at your first opportunity. You'll be very glad you did.
