Saturday, August 1, was chosen by DeDee Crane Seaver and Thomas Roseberry for their early afternoon nuptials before the Rev. Harold E. Towne at Christ Church Cathedral.

A reception followed at the parish house. The bride is the daughter of Mr. and Mrs. Clarence John Seaver of Wellington road, Franklin. Mr. and Mrs. Harold Roseberry, also of Wellington road, are the parents of the groom.

THE BRIDE wore a ballerina length dress of white nylon chiffon accented with chiffon and seed pearls. A tiny matching cap held her short veil of illusion, and she carried white shag daisies and stephanotis.

Barbara McCall Seaver was her sister's maid of honor in a gown of white nylon chiffon over yellow taffeta.

In white net ballerina dresses were bridesmaids Mrs. James A. Porteous, Sally Roseberry, the groom's sister; and Mrs. Raymond Adams, another sister of the bride. They all wore picture hats highlighted with yellow velvet ribbons, and carried yellow shag daisies.

This demonstration showed me the way to a better deal!

I'd been planning to buy a higher-priced car until I found out all Chevrolet offered — and how much I could save!

You get more power on less gas
 That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide® models, you get the most powerful engine in Chevrolet's field — the new 115-h.p. "Blue-Flame." Gearshift models offer the advanced 108-h.p. "Thrift-King" engine.

And it's the lowest-priced line
 A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.
 *Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on Two-Ten and Bel Air models at extra cost.

You're "sitting pretty" behind the wheel!
 Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

You can see all around
 You look out and down through a wide, curved, one-piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

Biggest brakes for smoother, easier stops
 An easy nudge on the pedal brings smooth, positive response — right now! Chevrolet's improved brakes are the largest in the low-price field.

It's heavier for better roadability
 You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

You get greater getaway with the new Powerglide®
 A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.
