FINEST TREES IN TOWN
From where I sit... by Joe Marsh
A Case of "Moostaken" Identity
Slim Smith never had a chance to use his moose call until a trip to this year. Visited him yesterday to see what he'd bagged.
I took a real moose. But you can bet I took a good look before I did any shooting!
From where I sit, we could all learn a little from Slim's experience. Most of us are really some form or other of being too quick on the trigger. Like the fellow who would deny me the right to an occasional glass of beer with my dinner. Boy, did that kind of "aim" is way out of control!
