Offers to Teach Women to Make Paper 'Singers'

Because of the number of requests for "choir singers" or instructions on how to make them, Mrs. Peggy Glave will hold a class for this work at 7:30 p.m., Thursday, Dec. 17.

Open to anyone interested, the class will be held at the Manley Bailey funeral home, 183 Oakland. "Since the article on my little singers appeared in The Eccentric (Dec. 3 issue) many have wanted to know how to make the dolls," Mrs. Glave said.

It's a relatively simple process but not one which can be explained over the phone very easily. I've told a few who came to see the dolls how it is done, but feel that a group working together would not only reach more people but would make the work more interesting.

"I'M ASKING the people to furnish their own materials, red and white crepe paper, with a small amount of peach color for the faces. I also have to ask each one to bring her own scissors, needles and white thread which Mrs. Glave said that several persons had expressed a desire to learn the work so they could make the choir boys and girls for church decorations.
