Lathrup Council Sets Order of Business

An order of business to govern the conduct of its future meetings was decided upon Monday night by the Lathrup Village council. Councilmen agreed that questions by residents present at the meeting should be held until the end of the evening's business. Mayor William A. Harvie explained that the council faces a voluminous task in getting the functioning of the new city under way and that time at meetings must be free of interruptions. Time will be made available near the close of each meeting so citizens will have ample time to express their views, Harvie said.
