PAUSING TO donate to the 1953 March of Dimes is D. B. Freezza, Rt. 4, Birmingham, whose contribution is being accepted by Miss Harriet Decker, 18365 Bedford, Miss Decker, confined to a wheel chair since 1919 when she suffered spinal injuries in an auto accident, has volunteered her services to the Mother's March on Polio. She is appearing at the Birmingham National Bank each day through Jan. 23, when the Birmingham drive will take place, to receive contributions from bank patrons. The daughter of H. G. Decker, D.D.S., both Miss Decker and her mother are confined to wheel chairs, Mrs. Decker having broken her hip in 1918.

Whitney Reveals Roller Skating, Archery Projects

Frank Whitney, recreation director for the City of Birmingham, last week was given the go-ahead by the recreation board to try to establish archery and roller skating facilities at the new high school.

Whitney was asked to discuss the possibilities of these two sports with the board of education after he told recreation board members

Bd. of Education Approves Skating

Birmingham Board of Education members Tuesday night approved the recommendations of Recreation Director Frank Whitney that the high school gym be used for Saturday roller skating.

Board members Mrs. Alec Parrie and William Spence added that there was an expressed need for roller skating facilities particularly on weekends.

The new school offered all the physical facilities needed.

In discussing the plans, Whitney stressed that no school board sanction had been sought yet, and said the final decision would rest in its hands.

The archery range, he explained, could be established in the building which will eventually house the swimming pool. Establishment of an indoor range would require only the purchase of baled straw for target mounts, he explained.

REGARDING SKATING, Whitney said a new type of roller has been developed which could be used in gymnasiums without damage to floors. The roller can be purchased either as a complete skating unit or separately to be mounted on other skates.

He reported that skating groups in Illinois had successfully used this roller.

Whitney's thought is that high school students could purchase the skates, possibly through funds raised with a benefit sports program.
