**An Honest Night's Sleep**

Jim Johnson, just back from a business trip, tells about a hotel he stayed at one night.

"I got into the hotel late and went right to bed, but there was no clerk at the desk. I went to the room and found a sign that said: 'Come to bed. Room 33. Take a key. Pay when you leave. Sleep Well.'"

"I opened the door and found a real clean, bed comfortable, and I went to bed. I lay down on the mattress—still no clerk. So I left three dollars at the desk and went on. Can you imagine folks that treat you like that?"

**BRINGIN' UP BRIDGET**—Buffalo Zoo attendants brought out a block and tackle to get Bridget back on her feet after finding the full-grown giraffe sprawled on her cage floor one morning. Curator Joseph Abbott, at right, makes a final adjustment of the rope. Because of their peculiar bone structure, giraffes are unable to get up when down. As to why she was down in the first place, only Bridget knew.

**Bill Wilson Wins Rifle Class Shoot**

The summer recreation rifle class held a turkey shoot Friday, July 14, on the police pistol range, one block south of W. Lincoln ave. on Cranbrook.

Rifle coach, George Ely, gave each boy five shots and field them when they could fire. Each one would fire his five shots at the balloons and hit as many as he could. Each boy had 20 shots in all, with the winner, Bill Wilson, hitting eleven balloons with his 20 shots.

When balloons ran out, the boys continued with regular practice at targets.

Rifle Coach Ely, a rifle instructor at Birmingham high school, announced that the class would last six more weeks.

**"Send 'em by Truck... We Need 'em Fast!"**

The scene is the traffic department of any of the hundreds of manufacturing plants in Michigan. The time is 4:00 P.M. on any day of the week. The traffic manager is talking long distance to a supplier in another state about some parts needed for production.

"Send 'em by truck," he says, as he prepares to hang up, "we need 'em fast!"

He knows from experience that motor transport is the fastest link between shipping and receiving. He knows he can depend on it. In fact, he and thousands of his fellow traffic managers have been the men most responsible for the rapid growth of motor transport. Once they experienced the efficiency and speed of trucks, there was no satisfying them with anything less—and today their companies could not operate successfully without truck transport!

That's something for every wage earner in Michigan to think about.

If you've got it, a truck brought it!
