

L. L. Cobb of Bloomfield Hills, president of Chrysler Corp., presents a check for \$75,000 to the Very Rev. Celestin J. Steiner, S.J., president of the University of Detroit. The

Flint Team Wins Legion Zone Championship

For the eighth straight year, a Flint team was the winner of the American Legion zone three championship. They earned this right by blasting the Jays, 7 to 4, at Birmingham's school Sunday.

Pitchers Al and "Iron Man" Paul Gatzka tied the ledger to five hits with their teammates were pounded out 13 safeties off three Saginaw pitchers.

Saginaw came back like an express train, tally four times in the second, which was more than it needed to win.

SAGINAW FIGHT back in the sixth for one run and were in position to make Flint when Gatzka, making his third appear-

check, and another from the Greater Detroit Plymouth Dealers Association for \$7,500, went into the L. of D. Student Activities Building fund.

The Upper Peninsula American Legion series in two weeks will play the Birmingham team August 1 at 8 p.m. on Pierce field.

MICHIGAN OUTDOORS

THE OUTBOARD PROBLEM

Two inventions have been as helpful to the outdoor sportsperson as the outboard motor—and few have been more recently cursed by the summer cottager. Many a fisherman, too, enjoying the quiet of a calm summer evening, casting carefully toward a likely weedbed, can have his fun ruined by the annoying whine of an outboard running wide open, too close for comfort and leaving a wake with waves a foot high.

Like the automobile, the outboard is subject to wide abuse by reckless drivers and marine hooligans. Like the automobile, the outboard certainly has its place of great usefulness in our way of life, too. Properly operated it should be no cause for complaint.

Unwritten Rules

The driver of a craft powered with an outboard motor has a definite responsibility in its operation. He must respect the rights of others, and he must appreciate the nuisance possibilities that he can create. The average lake is surrounded by cottages and homes in which people are enjoying an escape from the turmoil and noise of city life. The loud buzz of an outboard is an unwelcome intrusion, particularly during the early morning or early evening hours.

Not enough outboard operators have discovered, apparently, that a former Birmingham resident, Mort Wolf's "Michigan Outdoors" television show, appears every Thursday at 10 p.m. over station WJLT.

Another Petition Requesting Maple Area Be Rezoned

Several property owners in the block on the north side of Maple, between Coolidge and St. Andrews, have presented another petition to the city for the rezoning of the area to Business A from its present status as single family.

Signatures on the petition are Mike Harabedian, Alex Hatos, Young J. Moore and Elmer Hatak. In the past several years, similar petitions have been presented but have been denied on the recommendation of the city plan board.

Clarkston Rotarian Is Local Club's Speaker

A new Rotary club has been organized every 54 hours since the formation of the first club in Chicago in February, 1905.

This is one of the many interesting facts brought out by Lloyd Magee of the Clarkston club when he spoke before the Birmingham group Monday noon on "Rotary Information for Rotarians."

The former district governor told his audience that there are now 7,500 active clubs in the world country.

Building Permits Issued LAST WEEK

VALUATION	Number	VALUATION
Single Family	5	\$18,000
