We use the word majestic to describe this home, for it speaks eloquently for both the setting and the building itself. It is on a quiet street which is superbly lined with elm trees and yet so close to town, schools and transportation. The neighbors are most wonderful, too.

Spaciousness is the hallmark of this home. Master suite on 1st floor, complements the 15x24 living room, 13x14 dining room, 12x16 den and large screened porch, modern equipped kitchen.

The upstairs is well planned giving you the option of 4 bedrooms and 2 baths of 3 bedrooms and a nursery, sewing room or study.

That this home was built by a contractor for his own use is indicated by a host of special features, extraordinary number of large closets, roll-away copper screens throughout, 8x10 walk-in cedar closet, luxurious carpeting with rubber padding in each room.

The lot is 120x138, majestically shrubbed, treed and flowered. It will be a pleasure for us to show you this home.
