- Contour styling that is setting the trend in modern motorcar design.
- More power than you will ever use. The famous Packard engine is acknowledged to be one of the finest in the world.
- Greater visibility than any other car in its field. Parking and backing are much easier in a Packard.
- The smoothest, safest and most dependable automatic drive lever built. That's the Packard Ultramatic—without extra cost to you in the Packard Patrician.
- More leg room! Five inches more in the back seat. More head room, too. You can get in and out of a Packard with comfort.
- The most modern motorcar air conditioning available in all models.
- And, of course, for years Packard's famous riding qualities have been the envy of the automotive world. "Rides like a Packard" is the ultimate compliment.
- Power steering and power brakes available on all models.
- A wide range of models and colors. Sedans, convertibles and hard-top convertibles.

NEW! The Packard CLIPPER—another great Packard line. If you plan to buy a car in the medium-price class, be sure to see and drive the Packard CLIPPER, compare it with other medium-price cars.
