PLAY IT SAFE!

Hot Fires' Cold Facts Show Much

Fires last year (1952) damaged or destroyed an estimated \$765,000,000 worth of property in the United States.

Measured in dollars and cents, the fire loss annually in the United States would make a pile of crisp new one dollar bills, 50 miles high.

THREE FACTS underscore the need for constant individual and community participation in fire prevention activities.

Those of you who are of the vintage of "Mrs. Mimiver" will recall that she saved the interesting events of the day...

WE HEAR A lot about chlorophyll these days, green leafy paste, mouth wash, chewing gum, lozenges, after-shave lotions and foot powder.

SOME WEEKS ago it was reported that the small flags used to decorate soldiers' graves were disappearing from a certain cemetery.

MAY-TIME IS here. We make an annual ritual of driving to a certain homestead in the country...

ON APRIL 25 we saw our first hen thrush stopping over for a few days on its northern migration flight.

THE OTHER DAY as I was walking down the street, I was stopped by a brown thrasher.

IN FOUR YOU would like to know how much noise a rattlesnake can make...

ARE YOU PUZZLED? Are you wondering how to have that bed restored to its original sleep giving qualities...
