Cranes Win, Lose In School Games

Last Sunday, Nov. 1, the Cranbrook School 7th and 8th grade Midget soccer team routed the Armenian team of Detroit by a score of 2-0.
 Late in the third period, Jim Himmelhoch put the Cranes out in front by scoring on a pass from Mark Sobier. Bruce McCall then tallied for Cranbrook again on a pass from Jim Mans. The Cranes held their lead for the rest of the contest.
 The Cranbrook freshman football team under the coaching of Harry lost its last contest to Ferndale High School 27-0 in a game played at the Cranbrook football field. The Freshmen will try for their first victory of the season against the Birmingham High school team on Wednesday, Nov. 4. Previously, the Cranes lost to Hazel Park 25-6 and tied Clawson 6-6.

Mr. and Mrs. Julian Wilson of North Bay will return home Saturday from deer hunting at North Bay, Ont. Can.

LAST THURSDAY, Oct. 30, the Cranbrook School 7th and 8th grade Lower School football team was defeated by an older and larger Holy Name eleven by a score of 7-0 on the Cranbrook football field. Bill Vasu set up the Crane touchdown with a 70-yard run on a trick play. On the following play, Lloyd Asbury put the ball across the line for a score. The pass for the extra point was no good.
 The Cranbrook defense held until late in the game when Holy Name back Terry O'Connor sprinted 50 yards for a touchdown. The try for the extra point was good and this proved to be the decisive play.
 The Lower School team has now won one game and lost three. This proved to be the decisive play.
 The Cranbrook Day School beginning at 3 p.m. at Cranbrook.

Cranes, Reserve Tie In Soccer

A two goal lead in the first period against the Cranbrook School Varsity soccer team proved to be short-lived as the Western Reserve team of Hudson, Ohio, tied Cranbrook in a home contest 2-2.
 Reserve's first score came as a result of a very long loose ball and Perry within the first five minutes of play. As the Cranes settled down to cautious defensive play, Charles Pinkerton scored again for Reserve with a short fast shot in the net.
 Cranbrook's first score came early in the second quarter by Leo Butzel with the assistance of Shaw Emmons. These two also accounted for the tying tally in the same period. The remainder of the game saw both teams fighting hard to push across the winning score.
 Though each team repeatedly set up shots at the opponent's goal, neither team was successful in breaking the deadlock. The game went into overtime without further score being added.
 The Cranbrook soccer squad has lost three, tied two and won one game this season. The other tie score occurred against the Nichols School of Buffalo, New York. The Cranes met Chatham Vocational School of Ontario Saturday, Nov. 7, at Cranbrook. The game will begin at 10 a.m.

Science Director Questions Fruit Of First Garden

Adam and Eve may have been tempted, not by a juicy apple, but by a hard, dry acacia fruit, according to Dr. Robert T. Hart, director of Cranbrook Institute of Science.
 While visiting a tiny Arab village at the junction of the Tigris and Euphrates Rivers in southern Iraq, Dr. Hart was shown a log, traditionally called the Tree of Knowledge from which the serpent offered the fruit to Eve.
 Since this log is located in the Garden of Eden region, and is the only known relic alleged to be part of the original tree, he took some shavings from it and had them analyzed by B. Francis Kuchacha of the United States Forest Products Laboratory.

The log, which is 10 feet long and 12 inches in diameter and lies in a vacant lot on the banks of the Tigris, was definitely identified as coming from an acacia tree. Observing that the thorns and acacias are common in Iraq, Dr. Hart noted that all species bear pod-like fruits with hard, dry shells and unappetizing seeds.
 Historically credited with being the area where man first domesticated animals and practiced agriculture, southern Iraq is the site of ruins occupied over 8,000 years ago. But, as Dr. Hart points out, this once-fertile region is now far more suggestive of the "outside world" than the Garden of Eden from which Adam and Eve were banished.
