

State Committee Names Two Locals

Six members have been named to the state committee on arts of the American Association of University Women by Mrs. H. B. Green of Birmingham, state chairman in this field. The committee will coordinate the work of the AAUW's 54 local branches in the arts. For a number of years, AAUW branches have been active in forming local groups for the study of art, or for individual participation in painting, ceramics, sculpture and other art

media. In addition, the group has worked to secure the establishment of children's museums in more cities in Michigan, and has worked with local schools in broadening art programs for children. Committee members for 1953-55 include Mrs. George Coleman of Puritan road, and Mrs. M. A. Remondino of Westchester Way.

Football Spectator Special
