Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

You can see all around

You look out and down through a wide, curved, one-piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

And it's the lowest-priced line

A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

I figure this demonstration saved me many hundreds of dollars!

I expected to pay that much more for a new car until I discovered I was better off in every way with this new Chevrolet!

Let us demonstrate all the advantages of buying a Chevrolet now!

CHEVROLET

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

It's heavier for better roadability

You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.
