## PTA Schedule for Coming Year

Birmingham high school PTA schedule for the coming year was established Sept. 15 by the organization's Council. During the meeting, the need for more intra-mural athletics was discussed, \$247 was provided to the school's library fund and committee appointments were announced.

Membership activities will begin in October with a series of meetings on Tuesday evenings at 8 p.m. Parents of seniors will meet Oct. 6, with Mrs. Alvin Knorr as chairman of the program; freshman class parents will meet Oct. 13; parents of sophomores, Oct. 20, and juniors, Oct. 27.

The annual open house program at which parents follow a schedule of brief class meetings in accordance with that of the student, will be held Nov. 10.

A MEETING Feb. 9 will feature the school's program for traffic safety through driver training, being developed in cooperation with the Birmingham PTA Council's objective. Read Jenkins will be chairman of the meeting.

The activities will be concluded with the school's Achievement Day program on May 4.

An athletic program which would enable participation by a

greater number of students was called for by Dr. Edwin Deere, father vice president. A Council meeting with Frank Whitney, city recreation commissioner, and Kermit Ambrose, representing the traffic, will be sought to explore possibilities of such an expanded program.

J. R. FORTUNE, Council treasurer, reported a balance of \$347.02 carried over from the last school year. The Council appropriated \$247 for the purchase of school library books. Membership dues for the current year were established at the previous rate of \$1.50 a couple or \$1 for an individual membership.

This year's Council officers are: Barron Ketchum, president; Mrs. Graham Shinnick, mother vice-president; Dr. Deere, father vice-president; William King, teacher vice-president; J. R. Fortune, treasurer; Mrs. Lester Stinson, corresponding secretary; Mrs. W. Clyde Worley, recording secretary; Mr. and Mrs. Clyde L. Reed,

### Peggy Labadie To Marry on Oct. 10

Mr. and Mrs. Francis E. Labadie of Turber road, Wing Lake, announces the engagement and approaching marriage of their daughter, Marguerite Lucile (Peggy), to Joseph Stiemler of Chicago.

Peggy was graduated from Wayne university and is teaching elementary school in Detroit. Joseph attended Chicago university's school of engineering and received his master's degree from Wayne university.

Mrs. Benjamin Smith of Graefield road honored Peggy with a linen shower Sept. 22, with her former high school classmates in attendance. On Sept. 25, Mrs. Robert L. Parlan of Riveoak drive will be hostess at a miscellaneous shower.

The couple will be married at 11 a.m., Oct. 10, at Holy Name church.

### GFS to Observe Anniversary Of Holiday House

An open air thanksgiving service at 3:30 p.m., Oct. 4, will highlight the 50th anniversary of the Girls' Friendly society's Holiday House at Pine Lake.

Bishop Richard S. Enrich, of the Diocese of Michigan, will be the speaker.

A society sponsoring the House is composed of young girls and women of the Episcopal churches. Through the Holiday House has, during its 50 years, provided moderate-priced vacation for some 40,000 girls.

Mrs. William E. Rice of 1268 Southfield, chairman of the camp's administering committee for Holiday House, said the gathering would also make note of Miss Myrtle Armstrong's 25 years as camp director.

# New word for GETAWAY "TT" DYNAFLOW!

The 1953 Buick Super Riviera. Wire wheel covers, illustrated, optional at extra cost.

**We'll get right to the point.**

The comments we've been getting from new Buick owners about the new Twin-Turbine Dynaflow are terrific.

And the reason is—this fully automatic transmission is, in itself, terrific.

It has a new, firm, solid "take-hold"—gives you instant getaway response.

It has new quicker—you can barely hear the acceleration build-up.

It has unique and utter simplicity of operation. You just move your Selector into Drive range, press the pedal, and go. That's all.

But the sweetest thing of all about TT Dynaflow is its smoothness.

You move from standstill to your legal speed in one progressive build-up of power delivery.

You feel a constant "carry" of forward motion, unbroken in any way—because here no gearshifting takes place, either manually or automatically.

Even your deceleration is infinitely smooth and gradual, with the cushioned control of flowing oil slowing down.

Wouldn't you like to sample this wonderful new getaway and pleasant quiet and immaculate smoothness?

We'll be glad to seat you at the wheel of a new 1953 Buick with Twin-Turbine Dynaflow—and let the thrills come where they may. Drop in soon, won't you?
