★ Smile a Minute . . .

The Soph—How do you pronounce your name, my name is Ticklefeather—pronounced just as it is spelled.

The Soph—Thanks, I'm chairman of a class committee on yell, and I'm looking for something that sounds ridiculous to put into a new one.

## St. Hugo Cagers Win 2 Titles; Seek Another

Two championships were won Sunday by the basketball teams of St. Hugo school, and one of the teams now seeking a third championship next Sunday.

The St. Hugo girls' team became CVO champs for the entire Detroit Metropolitan area when they squeaked past St. Jude of Detroit by an 18-17 score.

Playing defensively the girls didn't post a score until the second period.

Maureen Drake dropped in 10 of the St. Hugo tallies. Bernice Lendon courted seven.

The St. Hugo boys' team won the Westside CVO title, and the right to play in the finals next Sunday that will decide the championship of the Detroit area for boys' CVO play when they squeaked past Precious Blood, 31-20.

ST. HUGO jumped to an early lead which they held throughout most of the game. But with only 15 seconds remaining, Precious Blood knotted the count at 29 all by sinking a pair of foul shots.

Norm Fredericks then proved the hero of the day for St. Hugo when he sank a push shot from outside the foul circle to add two points and provide the margin of victory.

Dave Ritchie was high point man for St. Hugo with 17. He was followed by Fredericks with 10.

Next Sunday St. Hugo meets St. John the Evangelist at 8 p.m. at the CVO center, Mack and Marshall, Detroit, for the final game. St. Hugo is coached by University of Detroit Law Student Leonard LeFevre. His team now holds an 18-0 record for the season.

## Southfield School News

By ERIC LEIGHTON

### Magazine Sale Launched by Southfield High

Southfield high school's annual magazine drive was started on its way Tuesday, March 23. At a general assembly, a representative from the Curtis Publishing Company gave the students a pep talk and launched the sale toward its goal of \$8,400.

Because of the success magazine sales have had in former years, they have become almost an institution at Southfield.

The student council is planning to use the profits from this year's drive for the following projects: a printing press and photo enlarger for the school paper, band uniforms, a record club, a hacktack for the baseball diamond, and one student's expenses on the senior class trip will be paid.

### Southfield Schools Seek Accreditation With North Central

Marinus Van Amedye, principal of Southfield high school, spent the

greater part of last week at a series of meetings of the North Central Association checking on accreditation for Southfield schools. Recently a group of officials from the University of Michigan inspected the school. Approval for accreditation of Southfield has been received by the school, but formal action has not yet been taken by the North Central Association. When the process, which takes three years is completed, accreditation will be retroactive to include this spring's graduating class.

Accreditation not only means that a graduate from Southfield can enter a college without an entrance examination, it also shows that the graduate has been through an acceptable school system, one that takes pride in developing good citizens, as well as good scholars.

It also gives the graduate preference in entering crowded colleges. We at Southfield are looking forward to official accreditation.

## They really "GO" together

The new I-block Six-Fordomatic Drive combination is available in any of Ford's 14 body styles. Illustrated is the Customline Six Fordor Sedan.

## Ford Six and Fordomatic

A FORDOMATIC FORD IS AUTOMATICALLY WORTH MORE WHEN YOU BUY IT ... WHEN YOU SELL IT, TOO!

The new Ford 115-h.p. I-block Six whisks you along silently, smoothly, economically. Its deep-block build provides rigid crankshaft support for smoother, quieter operation. Low-friction design and high-turbulence combustion chambers mean more miles from less gas. And, thanks to the Six's higher compression and increased displacement, you get extra "GO" power at all speeds!

Fordomatic Drive shifts for you more smoothly than you could do it yourself. It's the only "automatic" in Ford's field to combine a fluid torque converter and an automatic intermediate gear. Should you ever need an extra burst of speed for passing or hill-climbing Fordomatic's intermediate gear takes over automatically when you step down on the accelerator.

You get a double-value power package when you buy a '64 Ford with the new I-block Six and versatile Fordomatic Drive.

This brilliant Ford engine-transmission combination brings you all the smoothness and flexibility of the finest no-shift driving combined with the extra economy that's built into the industry's most modern,

short-stroke, overhead-valve Six. And, of course, you get the smooth, level riding comfort, the easier handling of Ford's Ball-Joint Front Suspension, a feature exclusive to Ford in its field.

Remember, too, a Ford Six with Fordomatic Drive is automatically worth more when it comes time for you to sell!

### SAFEGUARDING YOUR SECURITIES

A Securities Service Account provides physical protection for your securities, relief from bookkeeping detail and as much investment assistance as you may desire. This service can be adjusted to fit your particular needs. Ask for our folder "The High Cost of Neglecting Your Securities".
