

Beverly Hills Residents Return From Vacations

By VIRGINIA DETWILER
Staff Correspondent
MI 4-3820

WEST BEVERLY—Returning vacationers make the news from this area read like a "holiday special" this week. Back from Bermuda, Dr. and Mrs. W. N. Braker's fondest memories are those of new friends made during the voyage on the Queen of Bermuda, and at the Elbow Beach surf club, where they stayed for nine days. After docking on March 19, they stayed in New York a few days to see "Kismet", "The King and I", and "Rhapsody". They returned to their Riverside drive home March 24.

The William Brickers, of Beverly road returned March 27 from a two-week vacation in Key West, Fla. En route home, they stopped in New Smyrna, Fla., to visit her grandfathers, E. R. Boye.

A sudden snow storm transformed Washington's famed cherry blossoms from pink to white during Dr. and Mrs. Willard White's recent visit to the capital. After spending a week in Hollywood, Fla., the Whites drove home via Washington. Accompanying them on the trip were his brother and sister-in-law, Mr. and Mrs. Floyd White, of Battle Creek.

Cold Florida weather was no deterrent to a good time for the W. F. D. Grants, of Beaconsfield road, who returned March 27 from a month's vacation in Daytona. With them at Blue Waters inn were Mr. and Mrs. Harry Markey, of Bloomfield Hills, and the Fred Hertaels, of Lathrup. Their drive north through Georgia was a beautiful one, with the zebra, dogwood and peach trees in full bloom.

Mrs. Grant left Monday for Sioux City, Iowa, where she is visiting her mother, Mrs. K. Yagge, for two weeks.

Dinner guests of the Lawton Tabors on March 27 were Mr. and Mrs. William Le Fla, of Grosse Pointe, who later accompanied the Tabors to a Village Players performance of "The Heiress". As an adviser to the Proscenium club at Birmingham high school, Mrs. Tabor recently took an active part in the Children's Theatre presentation of "Daniel Boone", and is currently aiding in the club's production of "The Man Who Came to Dinner", scheduled for presentation in May.

Visiting the Mark Cheevers family, of Hillcrest road, are her parents, Mr. and Mrs. C. B. McCollough. They plan to remain with Mr. and Mrs. Cheevers for a few weeks before returning to their home near San Antonio, Texas.

On March 26, the G. A. Racines entertained 28 guests for cocktails, dinner and bridge in their Warwick road home. Co-host and hostess were Mr. and Mrs. Russell Granger, of Royal Oak.

A near miss was averted by Arthur Zebede and his son, Bill, of Riverside drive, when Bill returned home from Western Military Academy for an eight-day vacation March 28. Zebede left on a business trip to Hollywood, Fla., a few hours before Bill arrived.

At a meeting of the Minnesota women's alumnae association held in her home April, Mrs. Zebede was elected president of the group for the coming year. Her assistant hostesses for luncheon which preceded the meeting, were Mrs. Gordon Lindner, Mrs. D. H. McIntosh and Mrs. Elmqvist, of Detroit, and Mrs. K. Napper, of Franklin. After the meeting, Mrs. Kenneth Costley presented a commentary and pictures of her European trip.

By proceeding independently, members of the Richard Olson family, of Warwick road, are all managing to "work in" a Florida vacation this year. Mr. and Mrs. Olson returned March 28 from a two-week stay in Ft. Lauderdale and Melbourne, where they visited his parents, the Victor Olsons. Their son, Rick, flew to join them in Miami March 11, and accompanied them on their return trip home. Daughter, Carole left last Friday for Melbourne, where she will spend her two-week Easter vacation with her grandparents.

Cub scouts of den 5 were awarded their wolf badges, signifying completion of their first 12 achievements at the meeting of the B-24 last Monday. Under the direction of Mrs. R. B. McMillan, Mrs. William Bricker and Mrs. W. N. Gilmore, the boys have been making tie racks and leather bill folds, and their current project is the construction of bird feeding stations.

A meeting of the West Beverly garden club will be held April 22 in the Medford road home of Mrs. Frank Johnson. Election of officers will be followed by a discussion of club policy for the coming year.

Apartment Owners Seek Tree's Removal

Removal of a 20-year-old Chinese elm tree from in front of 801 Henrietta has been requested of the city commission by Carl and Mary Binko, owners of the apartments at that address.

City Forester William Lebold told the commission that several other trees such as the one in question have been removed recently, but that there are other tree removals that should have priority.

The Binkos protested that branches falling from the tree detract from the appearance of their property. The commission referred the matter to City Manager D. C. Egbert for report and recommendation.

Protests Puddle

David E. Lebac, 425 Bird street has protested to the Birmingham city commission that there is no drain at the southeast corner of Bird and Edgewood. As a result, he said, water lies in front of his house after rains and causes an unsightly appearance. Commissioners turned the matter over to City Manager Donald C. Egbert for study.

MARGARET BOURKE-WHITE

Camera Her Pass For World Travel

One of the country's most famous women in the photographic world will speak in Birmingham on April 29 under the auspices of the Friends of the Baldwin Library. Described by Miss Jeanne Lloyd, head librarian, as "A brilliant 'Life' photographer and world reporter," Miss Bourke-White's topic will be "Behind the Lenses." Miss Lloyd said because of the speaker's popularity and fame is expected to attract a large audience. The 8:15 p.m. program will be held in the Birmingham high school Little Theater.

Camera Her Pass For World Travel

IN HER career as a photographer-reporter, Miss Bourke-White has covered camera assignments in more than two dozen countries. Typical was her "Life" assignment which kept her in Japan and Korea for six months during 1952. Her camera recorded her impressions of Japan, from the new progressive ideas and techniques to the old traditional nationalistic Japan. In Korea she studied the effects of the "stalled war" on U.S. soldiers and on the Korean people. She will speak on these and other experiences in her career.

For Easter fun and family finery

KRESGE'S

HOW TO PROFIT THROUGH TAX EXEMPTION

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.

If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable bond in order to equal the yield from a 3.50% tax-free bond. *It's something to think about!*

For New Booklet, "How To Profit Through Tax Exemption" explains in plain language your need for tax exemption, tells how these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone
