

## WALNUT LAKE NEWSLETTER

Children and teachers alike at Walnut Lake school are enjoying the new all-purpose room. There are details to be finished, but we are using the room. The school spell-down was held there, with Bill Noch the school champion and Bob Sints the runner-up.

There was also an assembly program at which the Cub Scouts put on a puppet show with the puppets they had made. The Cubs, Tom Bingham, Garet Rice, Robert Rice, Stanley Robertson, Richard Brady, Mike Clymer, John Rice, Don Clymer and Art Allen had made the clever puppets under the direction of Mrs. Rice.

The show was entitled "The Wizard of Oz". Bill Kipp played the "Marines Hymn", and Karen Smith, Lynne Roberts and Susan Smith danced, also Loren Graber and Susan Parkins. Lynne Weaver and Barbara Kipp played the piano.

AT THE EASTER Assembly, the Franklin school chorus sang. The kindergarten sang two songs in costume. The second grade gave a poem, the first grade played rhythm sticks, and the third grade gave a play, "Easter Bunny". The Walnut Lake Instrumentalists played.

Susan Smith and Joel Smith were the Committee appointed by the School Council president, Susan Parkins, to make the new Good Citizenship chart. It is ready to go up. The Council is planning to hear how much was made at the paper drive with Jim Albin chairman. His helpers were Joel Smith, Marilyn Shank, Terry Roberts, Robert Freund and Fred Hamilton.

NEXT BIG project for the School Council will be the book booth at the P.T.A. Fair to be held June 5. John Rice is chairman of the committee with Lynda Murray, Susan Smith, Christine Layman, Joel Smith and Fred Hamilton. They have sent out their first publicity to collect books.

Each room has invited parents to visit to see something of the type of school work done. The sixth grade spoke French for their parents. The kindergarten showed what they are doing in reading readiness.

In the first and second grades different parts of the reading program were shown. The third grade had arithmetic and spelling. The fourth grade had a reading class and an arithmetic baseball game for learning their tables. There was arithmetic and reading in the fifth grade. Following the classes question periods for the parents were held.

## One-Man Cast Performs Comedy

Jack Rank, one-man cast for several Shakespearean plays, presented "The Taming of the Shrew" for first hour English and Journalism classes at Birmingham high school last Thursday morning, using the little theatre.

Rank took the part of all the main characters in this comedy, making lightning changes of costume and using a single stage-setting for a cast of the little theatre.

The 300 students enjoyed the play very much and were amazed at the skill with which Mr. Rank and his one assistant took care of all sound effects, lighting, stage, curtains and scenery.

Severly Noch introduced the actor, who in turn introduced his assistant who aided in costume changes and sound effects.

The play was managed by the spot-lights.

## As Great as Its Reputation!

The man you see in this breathtaking convertible is learning a great and inspiring truth. And it makes him very happy.

When he ordered his Cadillac, he seriously doubted whether any motor car could be quite as good and wonderful and satisfying as a Cadillac is reputed to be. Sounded almost too good to be true.

Well, he doesn't doubt it any more! He's five miles out on the road toward home, and he's ready to tell you that a Cadillac is every inch as great as its reputation.

He sensed it the moment he accepted the keys from his dealer, and turned on the ignition. That deep, soft, satisfying response of the powerful V-8 engine was too significant for anyone to misunderstand.

He sensed it again when he touched the throttle and moved out into the street. The easy turn of the steering wheel—the soft, quick, positive reaction to the powerful brakes—the buoyant "lift" of the deep-tufted seats—"Yes, here's a car, all right!"

And then he got past the corner light, and out in the stream of traffic—and his admiration knew no bounds.

"I feel so safe!" . . . "Yet, it's as light as a feather . . . and, oh, so agile and quick and responsive!"

Then there was a break in the traffic—and a stepped-up speed limit—and he bore down an inch or so on the throttle. But his foot came right back up and went on the brake! "Have to be a little easier, there!"

And so it went—until he rolled up in front of the house—and sounded the horn for the happiest, most delighted family gathering in years.

Yes, it's true, what they say about Cadillac!

And it will dawn truer and truer as the miles and the years go by.

In fact, it is not unusual to find an owner who flatly refuses to part with his old Cadillac. He just keeps it—and orders a new one—to take advantage of the engineering and designing progress.

Why don't you come in—and get the whole wonderful Cadillac story? We'd be happy to see you any time.
