

Teen-Age Drivers Take Written Exam For JC Road-E-O

Nearly 200 applicants were expected to take the written examinations Wednesday at the Birmingham High school for the second annual Teen-Age Road-E-O at the high school parking lot on May 8.

Thomas Carson, driver safety instructor at the high school will be in charge of the written exams, a must to compete in the actual road problems.

The contest is sponsored by the Birmingham Junior Chamber of Commerce. This year again, members of the Birmingham Insurance Agents Association will handle the judging. Police Lt. Henry Timm will help supervise the May 8 activities and clear all drivers' records for the test.

Test cars will be supplied by Harold Turner, North Chevrolet and Ketter-Koch.

Birmingham youth will be competing for a rotating trophy and both boys and girls will compete in their classes. Written application forms for parental permission to enter the road tests were to be passed out at the written exam.

Winners here will compete against other local finalists in the state finals in Lansing on June 5. The national competition will be held in Washington, D. C. from August 10 to 14.

HOW TO PROFIT THROUGH TAX EXEMPTION

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.

If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond.

It's something to think about!

Our "New Booklet," "How to Profit Through Tax Exemption" explains in plain language your need for tax exemption, tells how much these high-gain investments can be worth to you. There's no obligation. Send for copy today, or phone.
